

Geographical Context:
 Kingston is located in the south-east of England, approximately 30 miles (50 km) south of London. It is situated on the River Thames, which flows into the English Channel. The town is a major center for the local economy and is well-served by road and rail networks.

KINGSTON

An aerial photograph of Kingston, showing the River Thames flowing through the town. The surrounding area is densely built-up, with a mix of residential and commercial buildings. The river is a prominent feature, and the town's layout is clearly visible from above.
