

SPEEDKNIT™ S2EC06

COATED CUT-RESISTANT GLOVES

Our SpeedKnit™ S2EC06 cut gloves are in a category of their own, offering the highest level of dexterity and cut resistance to protect working hands with ANSI A4 blade-cut resistance. We use a machine-knit blend of HPPE and tungsten steel to create a high dexterity 18-gauge glove that maintains feel. The working side features environmentally friendly touchscreen capable water-based urethane coating to maintain grip in dry or wet conditions.

FEATURES

- High dexterity 18-gauge HPPE + tungsten steel knit construction protects against skin abrasions and lacerations.
- Comfortable compression cuffs provide a secure fit.
- Water-based urethane palm coating is extremely tactile and offers good grip performance in dry or wet working conditions.
- Cut performance meets ANSI A4 cut-resistant glove standard.
- Touchscreen capable to keep users safe and connected.
- Silicone free.

INTENDED USES

- Maintenance & Repair
- Construction
- Woodworking
- Shipping & Warehouse
- Assembly
- Manufacturing
- Metalworking
- Oil & Gas
- Mining

CERTIFICATIONS

*Water-based urethane coating is free of both DMF and silicone providing the same benefits of traditional polyurethane coating without the risk of chemical exposure to the wearer.
