**WARNING: COMBUSTIBLE**

READ BACK PANEL CAREFULLY

NET WT. 1LB (0.45KG)

## Made from real wood

The patent pending TIKI® Brand Starter Pack is made from Wood Pellets mixed with a starter fluid and sealed in the easy light bag. The pellets are made from sawdust that is sourced as a by-product from a number of manufacturing processes (lumber, window frames, hardwood flooring, etc.). The result is an energy dense and sustainable way to start your fire.

### WARNING

- Contains Petroleum Distillates.
- Keep out of reach of children and pets.
- Pellets are not intended for animal or human consumption.
- If swallowed DO NOT induce vomiting, and contact poison control, a physician or local emergency services.
- Do not cover while burning with anything other than a mesh screen or flame arrestor. Covering flaming pellets may result in flare up when cover is removed.
- For outdoor fire pit use only. Not intended for grills, smokers, pellet burners, stoves, or any other burning system.
- Never leave a fire unattended while in use. This is when the fire is in use or when the wood pellets are smoldering or hot.
- Store away from flame or direct heat source, or anything that may puncture the bag.
- Store in a cool, dry area and well-ventilated area.
- DO NOT use product while under the influence of drugs or alcohol.

**WARNING:** Combustion byproducts including carbon monoxide produced when using this product contain chemicals known to the State of California to cause cancer, and birth defects, or other reproductive harm. For more information go to [www.P65Warnings.ca.gov](http://www.P65Warnings.ca.gov).
