

36" High Chair

Designed
To Serve

For High-Top Tables & Bar Tops

Taking Safety to New Heights

Take safety to new heights with G.E.T.'s 36" tall high chair!

Ideal for high-top tables and bar tops, this new high chair meets current ASTM design safety standards.

Made with walnut, the high-top high chair features a warm look that outshines other more casual options and features the rugged durability of a hardwood.

Only G.E.T. offers a 36-inch-tall high chair with full ASTM compliance. The warm walnut style and durability create a welcoming aesthetic for the safest – and now tallest – seat in the house.

Ideal Places to Use

The extra height comes in handy at high-top tables and bar tops at many types of operations.

- Restaurants
- Food halls
- Family dining venues
- Entertainment venues (bowling lanes, arcades, etc.)
- Hotels and resorts
- Buffets
- Cruise lines

HC-100-MOD-TALL-W-KD-1
22" L x 25" W x 36" H
1 ea, Knocked Down

Reasons to Love

- ASTM design standards mean the safest seat in the house for the smallest guests
- The only 36"-tall high chair that enables family service at high-top tables and bar tops
- Made from walnut for an attractive warm look and rugged durability
- Created by the leaders of high chairs for nearly 40 years
- Available assembled or knocked down in cases of one or two chairs
- Stocked and ready for immediate shipping
