

QUESTION

Refer to
Figure 1.

Figure 1

Which of the following best describes the relationship between the number of hours per week spent on a hobby and the number of hours per week spent on a job?

None of these

There is a positive linear relationship.

There is a positive non-linear relationship.

There is a negative linear relationship.

There is a negative non-linear relationship.

There is a non-linear relationship.

There is a linear relationship.

There is a non-linear relationship.

There is a positive linear relationship.

There is a negative linear relationship.

There is a positive non-linear relationship.

There is a negative non-linear relationship.

There is a linear relationship.

There is a non-linear relationship.

There is a positive linear relationship.

There is a negative linear relationship.

There is a positive non-linear relationship.

There is a negative non-linear relationship.

There is a linear relationship.

There is a non-linear relationship.

There is a positive linear relationship.

There is a negative linear relationship.

There is a positive non-linear relationship.

There is a negative non-linear relationship.

There is a linear relationship.

There is a non-linear relationship.

There is a positive linear relationship.

There is a negative linear relationship.

There is a positive non-linear relationship.

There is a negative non-linear relationship.

There is a linear relationship.

There is a non-linear relationship.
