Dispensing Control

Command Center™/MC 4

Dilution Control

Simplicity.

- No mixing by hand.
- Products are numbered and color-coded for simple identification and easy training.

Economy.

- No glug-glug mixing, no waste.
- Saves time.
- Super-concentrated products.
- Less inventory.
- Less packaging waste.

Versatility.

- Products for a wide range of maintenance needs.
- Dilution control whenever you need it.

Safety.

- No chemical contact.
- No spills or leaks.

Hose-fill button locks on for hands-free filling.

Button labels are color-coded & numbered for easy identification.

Easy product identification of 1.5 gallon kegs of super-concentrates.

Spray bottles fill at 1 gallon per minute. Angled hose is safer for users and reduces foam.

Lockable cabinet prevents theft.

1.5 gallon kegs of concentrated chemical are cost-effective.

No chemical contact. Sealed-in sipper tube prevents chemical contact when changing kegs.

E-Gap eductors with Backflow Prevention built-in on each product station.

- OR -

Air Gap eductors with Backflow Prevention built-in on each product station.

Proven dilution control concentrates.

- **Super-concentrates.** Reduced inventory, fewer change-outs, and less packaging waste saves time and money.
- **Proven Product Chemistry.** Dilution control products perform to the same high standards as Butcher's products in traditional containers.
- **Product Consistency.** Extensive, on-going testing assures product dependability.
- **Superior Performance.** Continuous product development, innovation, and competitive analysis assures product excellence.

Unit Features

- **Four-button and one-button units** provide ultimate versatility. One-button satellite units can be joined together or to a 4-button unit in any combination of bottle or bucket fill.
- **Wall mount** Easy-to-mount wall bracket holds system securely in place.
- **Your choice of dispensing-bucket or bottle fill.** Bottles fill at 1 gallon per minute, low foam and no mess. Buckets, autoscrubbers and extractors fill at 4 gallons per minute. Each product slot can be adapted for either bucket or bottle filling.
- **Adjustable dilutions** for maximum economy and performance.

Diversey has been, and always will be, a pioneer and facilitator for life. We constantly deliver revolutionary cleaning and hygiene technologies that provide total confidence to our customers across all of our global sectors.

Diversey is headquartered in Fort Mill, SC, USA. For more information, visit www.diversey.com or follow us on social media.
