Disinfectant Bathroom Foam Cleaner

Use instructions

For Trigger Bottle:

- Spray surface to be cleaned.
- Wipe cleaner from surface.

For Aerosol:

- Shake well before using.
- Point button to mark on rim.
- Hold can 6-8 inches from surface.

To clean soap scum:

- Spray entire surface with foam.
- Allow product to sit 15-20 seconds to penetrate soil before wiping clean.
- Repeat if necessary.

To disinfect:

- Pre-clean surface.
- Spray surface until covered with foam.
- Leave on for 10 minutes before wiping.

To control the growth of mold and mildew:

- Apply to pre-cleaned surface.
- Let surface remain wet for 3 minutes before wiping.
- Repeat application at weekly intervals or when mold and mildew growth appears.
