Dimmer Switch

FEIT ELECTRIC App

24/7 HELP For 24/7 customer support, visit feit.com/help

System Requirements
Minimum: iOS 11.0, Android™ 6.0 KitKat® or higher
- Dedicated 2.4GHz Wi-Fi Network -
Your screen images may differ from this user guide.

BEFORE USING THIS USER GUIDE SEE INCLUDED INSTALLATION GUIDE FOR PROPER PRODUCT INSTALLATION.

NOTE: Only works with 2.4GHz Wi-Fi networks.

Go to your Wi-Fi settings and connect your phone to your 2.4GHz Wi-Fi network.

Wi-Fi settings screenshot showing 2.4GHz selected.

Set Up Device

- Download the **Feit Electric** app.
- Launch the **Feit Electric** app. Enter an email address to register, then tap **Continue**. A verification code will be sent to your email.
- Create a password then tap **Done**.

4 Permissions & Location Access

Allow notifications (highly recommended).

5 Allow the Feit Electric app to access your location to help connect your dimmer switch.

Allow "Feit Electric" to access your location?
In order to provide you with smarter service such as weather, temperature, etc. We need access to your location information...

6 Enable Bluetooth

on your smart device to facilitate simple pairing.

Bluetooth settings screenshot showing Bluetooth turned on.

Simple Pairing Mode

- Make sure the dimmer switch is blinking, then tap **Add Device** or the plus icon (+) on the upper right corner.
- The dimmer switches' name(s) will appear in a small window for simple pairing enabled devices. Tap **Go to add**.
- Select one dimmer switch from the list. Tap the plus icon (+).

NOTE: If the dimmer switch is not blinking, turn dimmer switch OFF then ON three times for pairing mode.

- After confirming that you are on a 2.4GHz Wi-Fi network, enter your password then tap **Confirm**.
- Select one dimmer switch from the list. Tap the plus icon (+).

- The status window will appear and show progress toward set-up.
- To rename the dimmer switch, tap the **Pen** icon, enter the new name and tap **Done**. The dimmer switch is now ready to be controlled with the **Feit Electric** app.

NOTE: Constant power to the dimmer switch(s) is required at all times.

Alternative Set-up Method EZ Mode

- Tap the plus icon (+) in the upper right corner.

NOTE: Use EZ Mode to set-up multiple smart products at the same time or if there are issues with Simple Pairing.

- Tap **Controls & Sensors**, then select **Dimmer Switch**.
- Tap upper right corner and make sure you have **EZ Mode** selected. Follow steps 4-6 from **Simple Pairing Mode** to complete setup.

Alternative Set-up Method AP Mode

- Tap the plus icon (+) in the upper right corner.

NOTE: AP Mode is an alternative method to connect your device if Simple Pairing Mode and EZ Mode are not successful.

- Tap **Control & Sensors**, then select **Dimmer Switch**.

NOTE: If the dimmer switch is flashing rapidly, turn the switch OFF then ON three times. The dimmer switch will then be in AP Mode.

- Choose **AP Mode**. Make sure your dimmer switch is in AP pairing mode (dimmer light should flash one time every three seconds). Tap **Confirm** then tap **Next** to go on to the next step.

NOTE: Your Wi-Fi network name and password are case sensitive.

- Enter the name of your 2.4GHz Wi-Fi network, enter your password and tap **Next** to begin connecting.

NOTE: Your Wi-Fi network name and password are case sensitive.

- Tap **Go connect**. In your smart device's Wi-Fi settings, choose the **SmartLife-XXXX** network.

NOTE: After connecting the dimmer switch, your smart device will automatically rejoin your original 2.4GHz network.

- In your smart device's Wi-Fi settings, choose the **SmartLife-XXXX** network. After you have connected to **SmartLife**, return to the **Feit Electric** app.

NOTE: After connecting the dimmer switch, your smart device will automatically rejoin your original 2.4GHz network.

- Your device should begin connecting using **AP Mode**.
- If you see this screen your device was added successfully.

Features

- Individual Dimmer Switch On/Off**
Tap the Dimmer Switch icon to turn the Dimmer Switch On/Off.
- Individual Dimmer Switch Operation**
Press and hold the Dimmer Switch icon for two seconds to enter operation.

Dimming

- Tap the **Dimming** icon at the bottom of screen. Slide the dimming bar up or down to set the brightness level.

Schedule

- Tap on **Schedule**.
- Tap **Add Schedule**.
- Choose a Start Time (On) and End Time (Off). To repeat on certain days of the week, tap **Repeat** otherwise the schedule will only occur once.
- Tap on the day(s) of the week you would like the schedule to repeat, then tap back <- then **Save**.

- Additional features are available in the device settings context menu, including renaming and removing devices. Tap the **Pen** icon in the upper right corner.

Settings

- Tap on **Settings**.
- Use Settings to adjust the minimum brightness level or power off indicator light.

Groups

- Tap the **Groups** icon at the bottom of the app home screen.

NOTE: To create groups you will need at least two dimmer switches. You can only group a dimmer switch with other dimmer switches.

- Tap on **Create Group**.
- Select the dimmer switches that you want to group.
- Tap the group name and enter the name of the group.
- Tap on **Dimmer Switch**.

- Once the group is named and the dimmer switches are selected, tap **Save** in the upper right corner.

NOTE: Dimmer switches with different functionalities can be grouped. However, the app will only be able to control the Dimmer switches' intended capabilities.

- Tap the **Groups** icon.
- Tap the context menu in the upper right corner (***).
- Tap **Manage Group**.

- From the home screen, tap **Profile**, then **Location Management**, then the location you would like to share. Tap **Add members**.

- Select the group to edit.
- Once selected, tap **Edit** in the upper right hand corner.

- Rename the group or remove a dimmer switch from the group. Once complete, tap **Save** in the upper right corner.

- Delete Groups**
Tap the **Groups** icon.
- Tap the context menu in the upper right corner (***).
- Tap **Delete Group**.

- Select the group to delete. Once selected, tap **Delete Group** in the upper right corner.
- Tap **Confirm**.

Additional Features

- Additional features are available by tapping on the **Pen** icon, including: renaming & removing devices.

Share Control of a Device (Two Methods)

- Method 1:** Tap the **Profile** icon, then tap **Share Devices**.
- Method 2:** From the dimmer switches' settings menu, tap the **Pen** icon located in the upper right corner. Then tap **Share Devices**.

- Tap **Share Devices** at the bottom.
- Enter the account name of the person you want to share with (this is typically their email address). Then tap **Done** when prompted.

NOTE: New members must set up an account before sharing is possible.

- From the home screen, tap **Profile**, then **Location Management**, then the location you would like to share. Tap **Add members**.

- From the home screen, tap **Profile**, then **Location Management**, then the location you would like to share. Tap **Add members**.

2 Enter the new member's email address then tap **Add**.

NOTE: New members must set up an account prior to sharing.

Room Management

1 Tap the settings icon (⚙️) from the home menu, then tap **Room Management**.

2 Tap **Add a Room**.

3 Tap on a preset room name or create your own.

4 Add individual dimmer switch by tapping on the (+) icon next to each dimmer switches' name.

5 When finished, tap **Save** in the upper right corner.

6 Remove individual dimmer switches' by tapping on the (-) icon next to each dimmer switches' name.

Home Management

1 Tap **Home** from the main menu, then tap **Location Management**.

2 Tap **Add Location** to indicate where the dimmer switches are located.

Smart Scenes

1 From the **My Home** page, tap **Smart Scenes** at the bottom of screen.

NOTE: Use Smart Scenes to set up an action or group of actions.

2 In the **Smart Scenes** Tab, tap the plus icon (+).

3 Tap on **Launch Scenes**.

4 Tap on **Run the device**.

5 Select your device to initiate an action.

6 On the **Select Function** screen, tap on the action you want the device to perform.

A On the Switch screen, tap On or Off.

7 Review your scene, edit them if necessary, then **Save**.

8 Your action(s) will appear under **Scene** tab.

A It will also appear on the top of your **My Home** screen. Tap to execute your action(s).

Automation

1 From the **My Home** page, tap **Smart Scenes** at the bottom of screen.

NOTE: Use Automation to initiate an action based on certain conditions (Sunrise/Sunset, Location Change, Schedule, Device Status, etc.).

2 Tap **Automation** at the top of the screen, and then tap on plus icon (+).

3 Set a condition you would like to trigger.

4 Set up a task you would like to automate.

5 Review your automations, edit them if necessary, then **Save**.

6 Your automation will appear under the **Automation** tab.

Enable Siri Shortcuts® (for use with iPhone)

1 From the **My Home** page, tap **Smart Scenes** at the bottom of screen.

NOTE: Use Siri to activate a scene through voice control. If you have not created a scene, see the Smart Scenes section.

2 In the **Scene** tab, tap **Add to Siri** located at the bottom of the screen.

3 In the **Siri Shortcut** screen, tap on the action you would like to add to Siri.

4 On the **"Hey Siri"** screen, tap on the device name to edit it. Tap **Done** at the bottom of the screen.

5 Now you can use the **"Hey Siri"** command to control this action from your iOS device. **"Hey Siri, turn on Dimmer Switch."**

CONNECT TO ALEXA

1 Tap on **Profile** at bottom right. Tap on **Use Alexa and Google Assistant**.

NOTE: Sign in to Amazon Alexa. If you do not have an account with Amazon, please create one.

2 Tap on **Amazon Alexa**.
