Care and Cleaning

For best results, keep the following in mind when caring for your STERLING product:

- Always test your cleaning solution on an inconspicuous area before applying to the entire surface.
- Wipe surfaces clean and rinse completely with water immediately after applying cleaner. Rinse and dry overspray that lands on nearby surfaces.
- Do not allow cleaners to sit or soak.
- Use a soft, dampened sponge or cloth. Never use an abrasive material such as a brush or scouring pad to clean surfaces.
- Do not use abrasive cleansers or acidic solvents on surfaces as they may cause surface dullness or discoloration.
- Wipe your bath or shower unit with a soft cloth after each use to prevent a buildup of soap and scum.
- Extreme heat such as that generated by cigarettes or portable heaters can damage surfaces. Do not use such items near your bath or shower unit.
