## Assembly Steps

### Step 1

- 1.1 Lay the Top Assembly (A) upside-down on a soft surface.
- 1.2 Pull the drawers out to expose the corner blocks to fasten the Legs.
- 1.3 Fasten the legs with (8) bolts, flat washers and lock washers using the Allen wrench. Do not tighten, leave enough clearance to allow for placing the shelf.

### Step 2

- 2.1 Position the assembled piece upright.
- 2.2 Insert all shelf supports to the holes on legs. Tilt the shelf slightly and insert one end between legs above the shelf supports first, then bring the other end up to have it rest evenly on 4 shelf supports.
- 2.3 Check to ensure all joints are properly aligned. Push the legs moderately inward while tightening all the bolts.
