

INVACARE®
SC900DLX
DLX SERIES BED

SC900DLX Bed featured with Assist Rails, Kendall Bed Ends, and Pan Deck

The **Invacare® DLX Series SC900DLX Bed** is a full-function, full-feature, low-height bed that is designed to provide quality care with full bed performance. Its three DC motors are designed to provide ultra-quiet operation of the head, hi-low and foot functions of the bed. Plus, the horizontal travel range of the SC900DLX bed is designed so that the bed will not damage walls during height adjustments.

Invacare beds, mattresses and rails, excluding therapeutic support surfaces and bariatric beds, when used as a system and sold new and unused after August 1, 2007, meet the voluntary FDA Guidelines for bed rail entrapment. Visit www.invacare.com/bedsafety for additional safety and entrapment information.

Features

Mobility at Low Height – The SC900DLX bed is secured to the floor in all elevated positions, providing reassurance that the bed is stationary and will not roll for maximum resident safety.

Durable Grid Deck – Designed to provide a supportive and comfortable sleep surface for the resident.

Ergonomic Hand Pendant – Waterproof and rugged hand pendant designed to fit comfortably in the resident's hand.

Dual Pendant Connections – Pendant connects to either side of the bed, providing customized convenience for the resident. Pendant cords are attached to the frame, and will not interfere with lifts or tables.

Expandable Length – Length expands from 76" to 80" with adjustable bed-end brackets.

Emergency Override – The SC900DLX bed features a hand crank in case of a power outage.

Invacare® DLX Series beds are made in the USA.

1. Grid Deck Design
2. Adjustable Mattress Deck
3. 6-Function Ergonomic Hand Pendant
