Innovative Handle

The orange nylon handle absorbs 50% LESS heat and stays cool to the touch, withstanding up to 500°F (260°C).

Secure Grip

Thanks to a dual-textured finish, the ergonomic handle grip is slip-resistant.

Professional Quality

Constructed of professional-grade stainless steel with satin-finish blade.

NSF Listed.

Bajo costo

Mango Innovador

El mango de nylon anaranjado absorbe un 50% menos de calor y permanece frío al tacto, soportando hasta 260 ° C (500 ° F).

Agarre Seguro

Gracias a un acabado de doble textura, el agarre ergonómico es antideslizante.

Calidad Profesional

Construido de acero inoxidable de grado profesional con acabado satinado.

NSF listado.
