

NOTES:

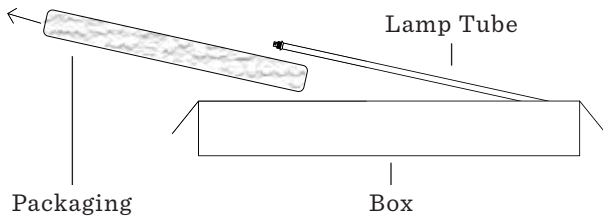

- 2 person assembly recommended

REQUIRED TOOLS:

- 13/16" Wrench or Adjustable Wrench

ASSEMBLY INSTRUCTIONS

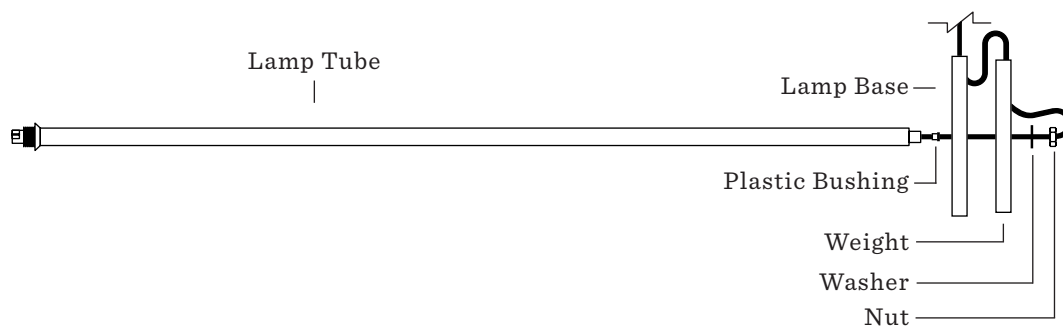

1. Lift Lamp Tube and remove layer of Packaging below it.

2. Remove Lamp Tube, Base, Weight and Switch from box all at once. Place on a soft, secure surface.
CAUTION: Lamp Base and Weight are not connected.

3. Slide Weight into Lamp Base, threading any excess cord through Lamp Base side hole. Hold Weight and Lamp Base Together.

4. Insert Lamp Tube threaded end into Lamp Base and Weight, threading any excess cord through Lamp Base side hole. Ensure plastic bushing is seated in end of Lamp Tube.
5. Thread Washer and Nut over Lamp Tube threading and tighten Nut securely with wrench.
6. Set lamp upright and move on to Lamp Shade Assembly Instructions.

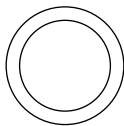

INCLUDED HARDWARE +TOOLS:

4 Watt G9 LED Bulb

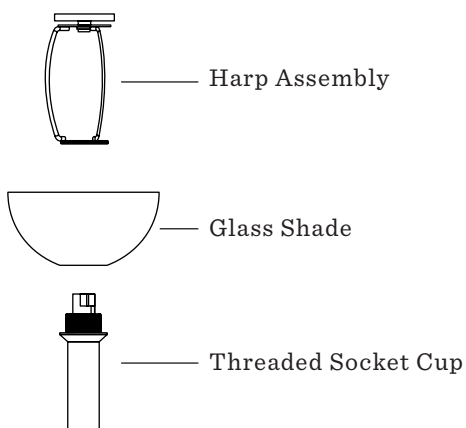

Harp Assembly

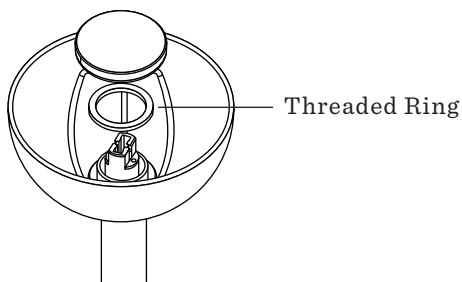

Threaded Ring

ASSEMBLY INSTRUCTIONS

1. Slide Glass Shade over Threaded Socket Cup, then thread Harp Assembly over Threaded Socket Cup and tighten to fix Glass Shade. Do not over tighten.

2. Install Threaded Ring over Threaded Socket Cup and tighten to fix Harp Assembly in place.

3. Install Bulb.

4. Unthread and remove Finial from Harp Assembly, then place Metal Shade over Harp Assembly. Replace Finial and tighten to fix Metal Shade.
