Features

- 5-year warranty vs. 1-year with the competition
- Universal fabric works with all three major awning brands
- Welded, state-of-the-art construction at critical points of the patio awning
- Premium 13.5-ounce fabric compared to the standard 10-ounce
- Great colors to match your RV, and ability to customize your rig
- Our canopy fabric features an integrated light track so you can easily add the Solera fabric light kit to illuminate up your patio

How to measure and select your fabric

1. To ensure you order the correct size fabric, measure center-to-center on the arm of the patio awning.
2. Choose your desired fabric color.
3. Using your measurement from step 1 and your color of choice, locate the corresponding part number in the table below. For example: If your measurement is 15' and your color is 'sand fade WHWG' then your part number would be 'V000334388'. **Note: Do not order fabric based on the actual width of your awning fabric. It will be too short.**
