

## APP USER GUIDE

### Wi-Fi Smart Dimmer

Feit Electric App

**24/7 HELP** For 24/7 customer support, visit [feit.com/help](http://feit.com/help)

**System Requirements**  
Minimum: iOS 11.0, Android™ 6.0 Marshmallow or higher - Dedicated 2.4GHz Wi-Fi Network -

Your screen images may differ from this user guide.

**BEFORE USING THIS USER GUIDE SEE INCLUDED INSTALLATION GUIDE FOR PROPER PRODUCT INSTALLATION.**

NOTE: Only works with 2.4GHz Wi-Fi networks.

Go to your Wi-Fi settings and connect your phone to your 2.4GHz Wi-Fi network.

### Set Up Device

- Download the **Feit Electric** app. 
- Launch the **Feit Electric** app. Enter an email address to register, then tap **Continue**. A verification code will be sent to your email. 
- Create a password then tap **Done**. 

### Permissions & Location Access

**Allow notifications** (highly recommended). 

**Allow the Feit Electric app to access your location** to help connect your dimmer switch. 

### Enable Bluetooth

on your smart device to facilitate simple pairing. 

### Simple Pairing Mode

- Make sure the dimmer switch is blinking, then tap **Add Device** or the plus icon (+) on the upper right corner. 

**NOTE: If the dimmer is not blinking, press and hold the power button for 5 seconds to enter pairing mode.**

- The dimmer switches' name(s) will appear in a small window for simple pairing enabled devices. Tap **Go to add**. 
- Select one dimmer switch from the list. Tap the plus icon (+). 

- After confirming that you are on a 2.4GHz Wi-Fi network, enter your password then tap **Confirm**. 

- The status window will appear and show progress toward set-up. 

**NOTE: If unsuccessful, the Failed to Add screen will appear. Quit the app and repeat the previous steps.**

- To rename the dimmer switch, tap the **Pen** icon, enter the new name and tap **Done**. The dimmer switch is now ready to be controlled with the **Feit Electric** app. 

**NOTE: Constant power to the dimmer switch(es) is required at all times.**

### Alternative Set-up Method EZ Mode

- Tap the plus icon (+) in the upper right corner. 

**NOTE: Use EZ Mode to set-up multiple smart products at the same time or if there are issues with Simple Pairing.**

- Tap **Controls & Sensors**, then select **Dimmer Switch**. 
- Tap upper right corner and make sure you have **EZ Mode** selected. Follow steps 4-6 from **Simple Pairing Mode** to complete setup. 

### Alternative Set-up Method AP Mode

- Tap the plus icon (+) in the upper right corner. 

**NOTE: AP Mode is an alternative method to connect your device if Simple Pairing Mode and EZ Mode are not successful.**

- Tap **Control & Sensors**, then select **Dimmer Switch**. 

- Choose **AP Mode**. Make sure your dimmer switch is in AP pairing mode (dimmer light should flash one time every three seconds). Tap **Confirm** then tap **Next** to go on to the next step. 

**NOTE: If the dimmer is flashing rapidly, press and hold the power button for 5 seconds, light will blink slower.**

- Enter the name of your 2.4GHz Wi-Fi network, enter your password and tap **Next** to begin connecting. 

**NOTE: Your Wi-Fi network name and password are case sensitive.**

- Tap **Go connect**. In your smart device's Wi-Fi settings, choose the **SmartLife-XXXX** network. 
- Back to the App and continue to add device. 

- Your device should begin connecting using **AP Mode**. 

- If you see this screen your device was added successfully. 

### Features

- Individual Dimmer Switch On/Off**  
Tap the Dimmer Switch icon to turn the Dimmer Switch On/Off. 
- Individual Dimmer Switch Operation**  
Press and hold the Dimmer Switch icon for two seconds to enter operation. 

### Dimming

- Tap the **Dimming** icon at the bottom of the screen. Slide the dimming bar up or down to set the brightness level. 

### Schedule

- Tap on **Schedule**. 
- Tap **Add Schedule**. 
- Choose a Start Time (On) and End Time (Off). To repeat on certain days of the week, tap **Repeat** otherwise the schedule will only occur once. 
- Tap on the day(s) of the week you would like the schedule to repeat, then tap back "←" then **Save**. 

- Additional features are available in the device settings context menu, including renaming and removing devices. Tap the **Pen** icon in the upper right corner. 

### Settings

- Tap on **Settings**. 

Use Settings to adjust the minimum brightness level.

### Groups

- Tap the **Groups** icon at the bottom of the app home screen. 

**NOTE: To create groups you will need at least two dimmer switches. You can only group a dimmer switch with other dimmer switches.**

- Tap on **Create Group**. 

- Tap on **Dimmer Switch**. 

**NOTE: After connecting the dimmer switch, your smart device will automatically rejoin your original 2.4GHz network.**

- Select the dimmer switches that you want to group. 
- Tap the group name and enter the name of the group. 

- Once the group is named and the dimmer switches are selected, tap **Save** in the upper right corner. 

**NOTE: Dimmer switches with different functionalities can be grouped. However, the app will only be able to control the Dimmer switches' intended capabilities.**

### Manage Groups

- Tap the **Groups** icon. 
- Tap the context menu in the upper right corner (☰). 
- Tap **Manage Group**. 

- Select the group to edit. 
- Once selected, tap **Edit** in the upper right hand corner. 

- Rename the group or remove a dimmer switch from the group. Once complete, tap **Save** in the upper right corner. 

### Delete Groups

- Tap the **Groups** icon. 
- Tap the context menu in the upper right corner (☰). 
- Tap **Delete Group**. 

- Select the group to delete. Once selected, tap **Delete Group** in the upper right corner. 
- Tap **Confirm**. 

### Additional Features

- Additional features are available by tapping on the **Pen** icon, including: renaming & removing devices. 

### Share Control of a Device (Two Methods)

- Method 1:** Tap the **Profile** icon, then tap **Share Devices**. 
- Method 2:** From the dimmer switches' settings menu, tap the **Pen** icon located in the upper right corner. Then tap **Share Devices**. 

- Tap **Share Devices** at the bottom. 

3 Enter the account name of the person you want to share with (this is typically their email address). Then tap **Done** when prompted.

**NOTE:** New members must set up an account before sharing is possible.

**Share Control of All Devices Within a Location**

1 From the home screen, tap **Profile**, then **Location Management**, then the location you would like to share. Tap **Add members**.

2 Enter the new member's email address then tap **Add**.

**NOTE:** New members must set up an account prior to sharing.

**Room Management**

1 Tap the settings icon (⚙️) from the home menu, then tap **Room Management**.

2 Tap **Add a Room**.

3 Tap on a preset room name or create your own.

4 Add individual dimmer switch by tapping on the + icon next to each dimmer switches' name.

5 When finished, tap **Save** in the upper right corner.

6 Remove individual dimmer switches' by tapping on the - icon next to each dimmer switches' name.

**Home Management**

1 Tap **Home** from the main menu, then tap **Location Management**.

2 Tap **Add Location** to indicate where the dimmer switches are located.

**Smart Scenes**

1 From the **My Home** page, tap **Smart Scenes** at the bottom of screen.

**NOTE:** Use **Smart Scenes** to set up an action or group of actions.

2 In the **Smart Scenes** Tab, tap the plus icon (+).

3 Tap on **Launch Scenes**.

4 Tap on **Run the device**.

5 Select your device to initiate an action.

6 On the **Select Function** screen, tap on the action you want the device to perform.

A On the Switch screen, tap **On** or **Off**.

7 Review your scene, edit them if necessary, then **Save**.

8 Your action(s) will appear under **Scene** tab.

A It will also appear on the top of your **My Home** screen. Tap to execute your action(s).

**Automation**

1 From the **My Home** page, tap **Smart Scenes** at the bottom of screen.

**NOTE:** Use **Automation** to initiate an action based on certain conditions (Sunrise/Sunset, Location Change, Schedule, Device Status, etc.).

2 Tap **Automation** at the top of the screen, and then tap on plus icon (+).

3 **Set a condition** you would like to trigger.

4 **Set up a task** you would like to automate.

5 Review your automations, edit them if necessary, then **Save**.

6 Your automation will appear under the **Automation** tab.

**Enable Siri Shortcuts®**  
(for use with iPhone)

1 From the **My Home** page, tap **Smart Scenes** at the bottom of screen.

**NOTE:** Use **Siri** to activate a scene through voice control. If you have not created a scene, see the **Smart Scenes** section.

2 In the **Scene** tab, tap **Add to Siri** located at the bottom of the screen.

3 In the **Siri Shortcut** screen, tap on the action you would like to add to **Siri**.

4 On the **"Hey Siri"** screen, tap on the device name to edit it. Tap **Done** at the bottom of the screen.

5 Now you can use the **"Hey Siri"** command to control this action from your iOS device. **"Hey Siri, turn on Dimmer Switch."**

**CONNECT TO ALEXA**

1 Tap on **Profile** at bottom right. Tap on **Use Alexa and Google Assistant**.

**NOTE:** Sign in to Amazon Alexa. If you do not have an account with Amazon, please create one.

2 Tap on **Amazon Alexa**.

3 Tap on **Link with Amazon Alexa**.

4 Tap on **Link**. You will be linked automatically to your Amazon Alexa app.

**NOTE:** Additional devices will be added automatically when added to the **Feit Electric** app.

**CONNECT TO GOOGLE ASSISTANT**

1 Tap on **Profile** bottom right. Tap on **Use Alexa and Google Assistant**.

**NOTE:** Sign in to Google Assistant. If you do not have an account with Google, please create one.

2 Tap on **Google Assistant**.

3 Tap on **Link with Google Assistant**.

4 Tap on **Link**. You will be linked automatically to your Google Assistant app.

**NOTE:** Additional devices will be added automatically when added to the **Feit Electric** app.
