

FLORAL ACRYLIC EARRINGS

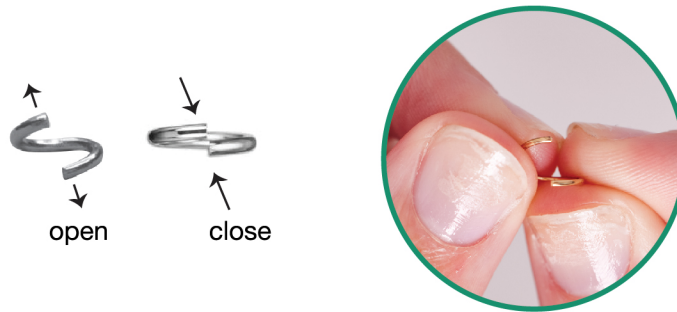

instructions

Empty out components.

2. Remove the clear protective film from both sides of the acrylic pieces.
3. Add stickers to the acrylic shapes. Layer the stickers as desired. **The front of the stickers are adhesive and contain the design. Add the stickers to the back of the acrylic piece to see the design through the piece.**
4. Trim stickers that hang off the edge.
5. When you are finished with your design, seal the back with a clear sticker that coordinates with the acrylic shape. *The small round shapes do not have a backer.*

5. Add jewelry posts or hooks with a jump ring. Twist open jump rings, side to side, as shown. If you need help, use a pair of pliers. Add the earring wire and close the jump ring tightly.

6. Enjoy your ready-to-wear earrings or gift them on the included card. Use the clear backers to hold them in place.

*Care: For best results avoid getting wet
