

# RESIN PRODUCTS LIMITED WARRANTY

## 5 YEAR LIMITED WARRANTY

Blue Wave Products warrants its resin pool products to be free from defective workmanship and materials for 5 years to the original owner, while subject to the intended proper and normal use (electric products excluded). Original proof of purchase required. These products are further warranted against abnormal breaking, peeling, flaking, rusting, blistering, corroding, ground insects, unusual weathering or discoloration. Please note: products used on pools utilizing salt generation for water stability will not be covered for any rusting as certain components used in construction are metal and may be affected. Salt dramatically accelerates the deterioration of all metal products, stainless included. This warranty is only for the original purchaser and only applies to Blue Wave Products. All product warranties are subject to the specific assembly and installation of the product as specified in the corresponding installation instructions. Any modifications or alterations to a product nullify the product warranty and are prohibited. Please read manufacturers' product instructions prior to assembly, installation and use. All instructions are packaged with the product hardware accompanying each product.
