

3M™ Performance Label Materials for UV-Inkjet Printers

Film choices for tough duty

Adhesives for virtually any substrate

Paper liners for easy processing

Printing Revolutionized

For the digital quality and recognition you need indoors and out

As your label customer demand increases for UV-inkjet printing and UL recognition, Think 3M First for multiple facestock and adhesive combinations. With the all-around 3M carefree package, readily meet performance specs and digital expectations for applications success indoors and out in almost any tough duty condition. Take full advantage of digital-quality color integrated with variable data such as barcodes.

UL Recognized Products are in either/or 3M UL Files MH16411 and MH11410.

3M™ Performance Label Materials meet requirements for demanding applications in many markets, such as industrial machine and equipment manufacturing, appliances, electrical and electronics, automotive, medical devices, and more.

3M™ Performance Label Materials UL Listed, UV-Inkjet Printable
