Assembly Instructions

Tools Needed: Allen Wrench - Supplied
Please read all instructions before assembly.

Step 1: Insert Casters (G) into Chair Base (F). Insert Gas Lift (E) into Chair Base (F).

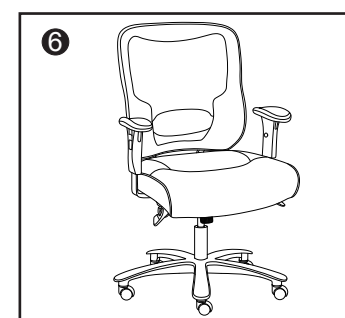

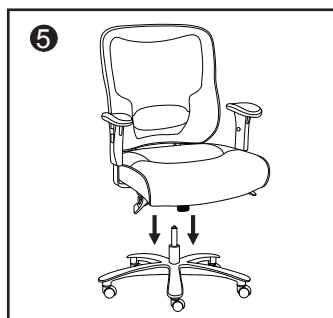

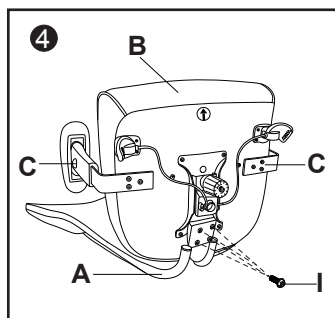

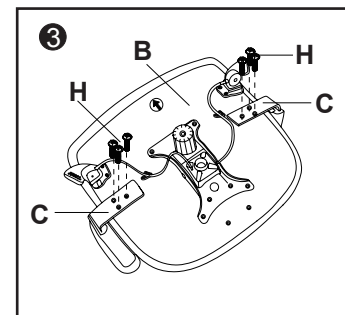

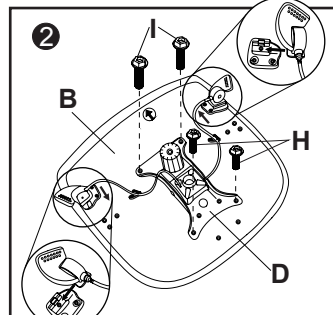

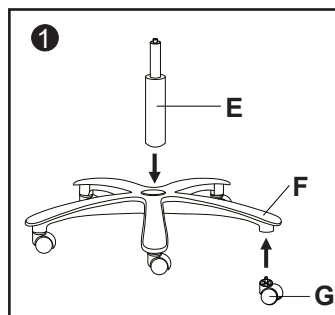

Step 2: Attach Seat Mechanism (D) to bottom of Chair Seat (B) using Screws (H) and Screws (I). Slide Seat Mechanism (D) Levers in place as shown.

Step 3: Attach Chair Arms (C) to Chair Seat (B) using Screws (H). Tighten with Allen Wrench (J).

Step 4: Attach Chair Back (A) to Chair Seat (B) using Screws (I). Tighten with Allen Wrench (J).

Step 5: Take entire chair frame and place the hole in the center of the Seat Mechanism (D) onto Gas Lift (E). Press down firmly to secure.

Step 6: Now your chair is fully assembled.

WEIGHT CAPACITY: 400 lbs.

Assembly Notes:

During assembly, hand tighten screws only. When all screws are in place, you may then tighten all screws completely.

CAUTION:

1. Do not use this chair as a step ladder.
2. Check for loose screws and tighten them every 6 months.
