

## Make a Cup Cozy Continued...

1-2

**1** Make sure you have one loop of yarn on each peg. Cut the working yarn 30" (76.2cm) from the loom. Thread the working yarn on the needle.

**2** Sew through each loop on the pegs. *Do not pull the sewing yarn tight. You want to keep it in a rectangular shape.* Remove the piece from the loom. You are ready to sew the sides together to make a cozy.

3

4

### SEW THE SIDES TOGETHER

**3** Fold the cozy in half. Start by sewing the top two loops together. Continue to sew the loops together as you work your way down the cozy.

**4** When done, tie working yarn in a double knot to the cozy and sew it back down the seam to hide the tail. You can flip your cozy inside out to see which side you like best.

5

### ADD FELT HEART

**5** Thread a 20" (50.8cm) piece of yarn on your needle. Add your felt heart to the hat or the center of your cozy using the pre-punched holes. Leave a few inches of yarn hanging inside the cozy as you sew around the heart. Double knot the end of your yarn to the yarn inside your cozy.

You can now slide your cozy onto your cup or water bottle!

**Care Instructions:** Hand wash with mild soap and cool water. Rinse and lay flat to dry.

# Quick Knit Loom

INCLUDES EVERYTHING YOU NEED

Knitting on a loom is fun and easy to do. With this kit you can create a pom pom hat and cup cozy. Use the pom poms and felt heart to accent your accessories.

\*These high quality tools can be used over and over again. When your projects are done, head to your favorite craft store for more yarn, patterns, books and ideas.

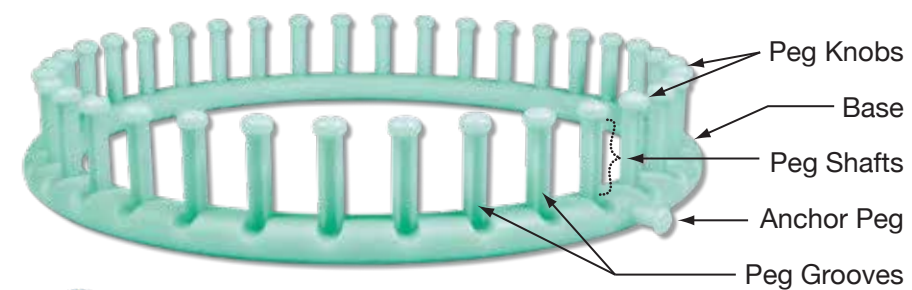

Follow the directions and pictures carefully. If you need a little help along the way, ask an adult or older friend to craft with you.

\* There are many knitting loom videos available online. Ask for adult permission before using the internet.

## Getting to Know Your Loom & Tools

Here are some basic parts to know before getting started.

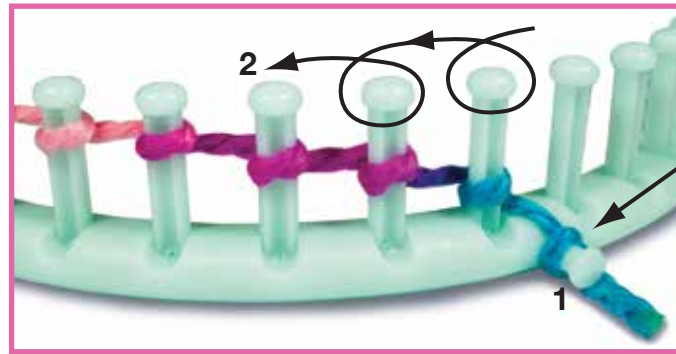

### Large Round Loom

**WARNING:**  
FUNCTIONAL SHARP POINT

## Make a Pom Pom Hat

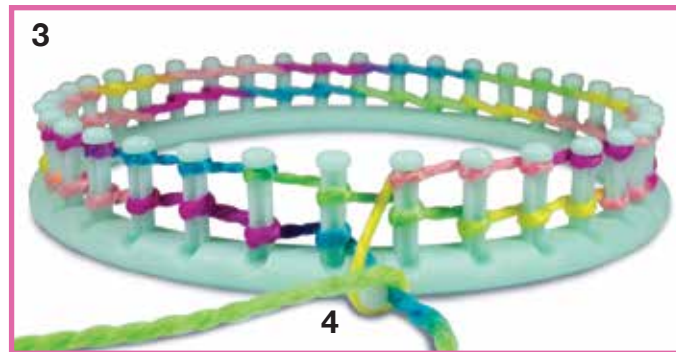

### WRAP

- 1 Tie your yarn on the anchor peg, leaving a short tail.
- 2 Wrap the yarn around the pegs as shown.

### PRO-TIP

Always wrap your yarn around the back of the peg or your loops will get too tight.

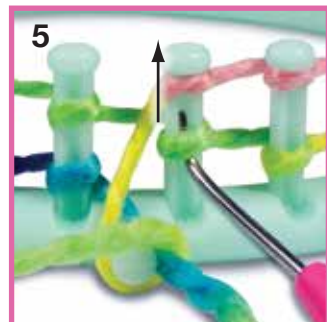

- 3 Wrap around the entire loom 2 times. There will be two loops on each peg.
- 4 Secure your working yarn around the anchor peg several times.

### HOOK

- 5 Starting with the last wrapped peg, slide your knitting hook along the groove. Hook the bottom loop, then pull it over the top loop and peg as shown. Release the yarn from your hook.

Continue to hook loops around the entire loom until each peg has one loop left. You've just cast on to your loom! Push the yarn down onto the pegs.

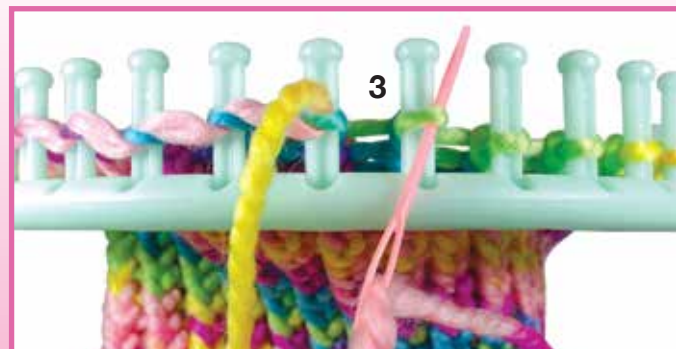

- 6 Follow steps above, repeating this wrap & hook process. After knitting a few rows, remove the knot on the anchor peg and tie it to a nearby yarn loop on your project.

When you run out of yarn, tie the end to the other yarn bundle with a small knot.

### FINISHING YOUR HAT

- 1 Stop knitting when your hat is around 8.5" (21.59cm) long. There should be one row of loops left on the pegs. Measure 45" (114.3cm) extra inches of yarn and cut. (Save the remaining yarn for your drink cozy).
- 2 Use the needle threader to thread the yarn through the large plastic needle.
- 3 Sew the yarn through the first loop as shown, pulling all the way through. Continue onto the second loop and so on until you have gone all the way around the loom. Sew through the first loop one more time.

## Finishing Your Hat Continued...

- 4 Remove your piece from the loom. Turn it inside out.
- 5 Pull the yarn you just sewed until your knitted piece is completely closed.

Use the needle to sew the hole shut. Tie a tight knot to close. Trim the excess yarn. Congratulations! You just made a hat! Turn the hat rightside out and follow the next steps to add pom poms.

## Adding the Pom Poms

Decide if you want one or two pom poms and follow the steps below.

### ADDING 2 POM POMS

- 1 Lay your hat flat. Decide where you'd like your pom poms.
- 2 Measure 15" (38.1cm) of yarn. Thread it through your needle and even out the ends so the needle is in the middle. Sew through the inside of the hat where you want your first pom pom.

- 3 Thread the needle through the two loops on the pom pom and back into the hat. Cut the needle from the yarn and double knot the 4 loose ends of yarn together inside the hat. Make sure your pom pom is secure. Repeat process for the other pom pom.

### ADDING ONE POM POM

- 1 To create a single pom pom hat, sew the 15" (38.1cm) piece of yarn up through the center of the hat and follow step 3.

## Make a Cup Cozy

### WRAP

- 1 Knot your yarn on the anchor peg, leaving a short tail.
- 2 Wrap the yarn around the pegs as shown in Step 1 (previous page). Stop when you get to peg 9. Wrap 9th peg again and start wrapping back towards peg 1. Secure yarn on anchor peg.

### HOOK

Starting with the last wrapped peg, slide your knitting hook along the groove. Hook the bottom loop, then pull it over the top loop and peg as shown in Step 5 (previous page). Release the yarn from your hook.

### REPEAT

Continue back and forth wrapping and hooking. After knitting a few rows, remove the knot on the anchor and tie it to a nearby yarn loop on your cozy. Stop knitting when your cozy is 8" (20.3cm) long.

15 inches / 38.1 cm
