

Dahle 848

Professional Stack Cutter

The Dahle 848 Professional Stack Cutter cuts up to 700 sheets of paper with minimal effort. Designed for precision, it features a machine ground blade for smooth trimming, built-in safety features, and a spindle-driven backstop for accuracy. This German engineered cutter is designed for durability and is ideal for print & copy shops, corporate printing departments, and custom printers.

Effortlessly cut through stacks of paper with the machine ground steel blade.

Features | Benefits

- Machine ground steel blade ensures smooth, clean cuts
- Multi-point leverage to manually trim large stacks with minimal effort
- Built-in safety features keep fingers safe
- Quick-action clamp holds work securely with no shifting or fanning
- Precision ruler with a spindle-driven backstop for accuracy
- German engineered for precision and accuracy
- Perfect for cleanly trimming stacks of paper
- Optional stand available for proper height and leverage- sold separately

Adjustable backstop offers accuracy and a perfectly square cut.

Lim. Lifetime Warranty

The Dahle 848 Professional Stack Cutter offers strength and precision to cut through up to 700 sheets with minimal effort.

For protection, the blade will not move until the safety cover is in place.

Quick-action clamp compresses evenly and firmly and prevents your work from shifting.

Optional Stack Cutter Stand 718 provides optimal height and additional storage.

Dahle 848 Professional Stack Cutter

| Cutting Length | Sheet Capacity | Dimensions (length x width x height) | Warranty | Optional Stand |
|----------------|----------------|---|---------------------------|----------------|
| 18 5/8" | 700 Sheets | 33.75" x 28.75" x 15.5" | Lifetime (excludes blade) | #718 |
