

KINETIC GARDEN STAKE

Assembly Instructions

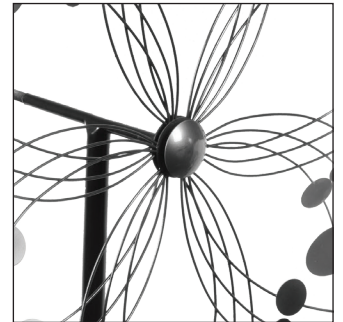

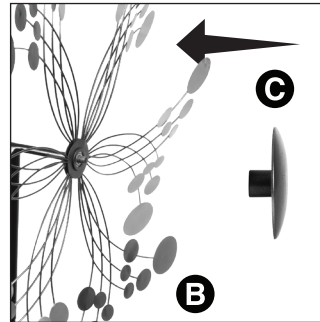

Step 1:

Insert wheel (B) into T-pole (A).

Step 2:

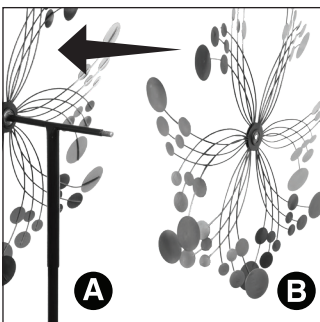

Screw on nut (C) to wheel (B) (the result of step 1) by turning it to the right until it is firmly tightened.

LAY ASSEMBLY ON THE GROUND FOR THE FOLLOWING STEPS:

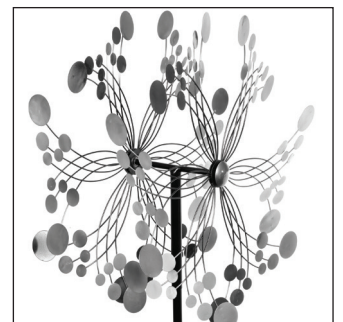

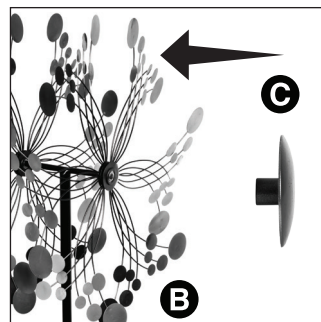

Step 3:

Insert second wheel (B) onto other side of T-pole (A) (the result of step 2).

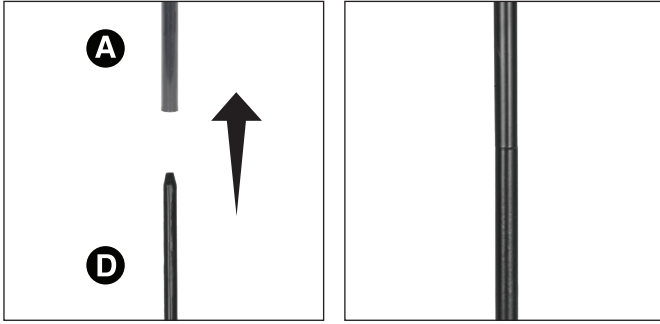

Step 4:

Screw on second nut (C) to the other wheel (B) (the result of step 3) by turning it to the right until it is firmly tightened.

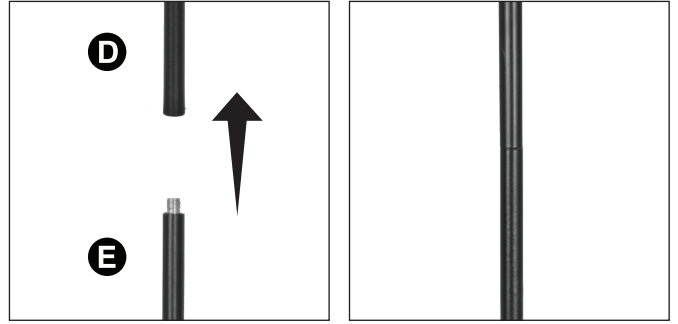

Step 5:

Attach T-pole (A) (the result of step 4) to top pole (D) by turning it to the right until it is firmly tightened.

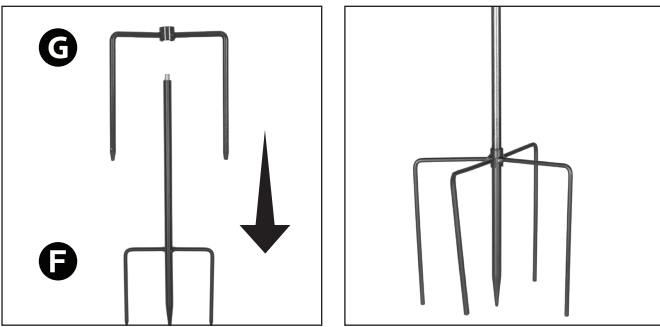

Step 6:

Attach middle pole (E) to top pole (D) (the result of step 5) by turning it to the right until it is firmly tightened.

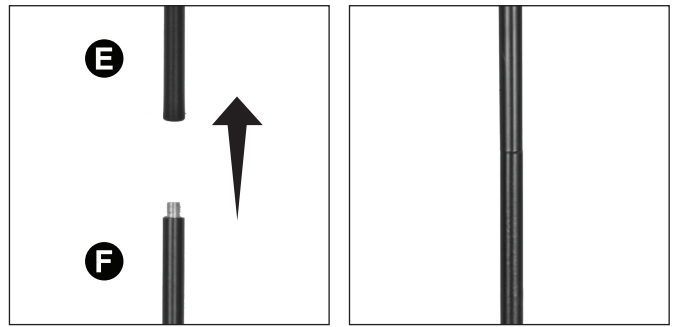

Step 7:

Attach stake support (G) to stake base (F) by inserting into stake base.

Step 6:

Attach stake base (F) (the result of step 7) to middle pole (E) (the result of step 6) by turning it to the right until it is firmly tightened.

When everything is assembled, insert stake base firmly into the ground. For best results, install on flat ground and ensure that the stake is 90 degrees vertical to the ground.
