

GENERAL CARE GUIDE FOR OUTDOOR PILLOW COVERS

The life and appearance of your pillows greatly depend upon how you care for them. Preserve the life of your pillows by reading this guide and following the recommended care. Save this guide for future reference.

USE & CARE

- ▶ All fabrics eventually fade from sun exposure. Maintain fabric color and integrity by storing indoors when not in use.
- ▶ Clean the fabric regularly to help preserve the appearance and prevent larger problems.

CLEANING

-  SPOT CLEAN/HAND-WASH ONLY
-  DO NOT USE BLEACH OR SOLVENTS
-  DO NOT TUMBLE DRY
-  DO NOT DRY CLEAN
-  DO NOT IRON
-  LINE DRY

NOTE: Cleaning instructions apply to Sunnydaze Decor covers only and may not be suitable for fill material or pillows.

1. Vacuum or gently brush dirt and debris off the fabric.
2. Mix mild soap or detergent with lukewarm water.
3. Gently scrub using a soft cloth.
4. Rinse thoroughly with cold water, ensuring all soap residue has been removed. Soap residue left on fabrics will hold dirt, which can promote mildew growth.
5. Allow the pillow cover to thoroughly air dry.

STORAGE

- ▶ Store indoors in a cool, dry place that is away from direct sunlight.
- ▶ Ensure covers are completely dry before storage. Storing while wet can degrade the fabric and/or lead to mold and mildew growth.

⚠ IMPORTANT INFORMATION ⚠

- Do not use bleach, solvents or abrasive materials to clean this product.
- Do not machine wash or use a high-pressure sprayer.
- Do not wring or roll to dry as it may damage the fabric.
- Never place in a dryer; the friction and heat from tumble drying will destroy the fabric.
- Always ensure covers are completely dry before placing filling or placing on furniture.

Any modification to the product or failure to follow recommended care will void the product warranty.
