

## TRENDY TROPICAL FINGERS AND TOES

**Be sure polish is dry before adding nail art stickers.**

*Note: Stickers are temporary. To make them last longer, gently pat dry after washing your hands.*

**Rainbow** - Paint each nail a different color, then add your favorite nail art stickers.

**Sunset** - Paint the bottom of your nail orange and the tip of your nail pink.

**Good as Gold** - Paint your nails in your favorite color. When the polish is dry, add a gold nail sticker to each nail.

**Tutti Frutti** - Paint each nail a different color. Add a tropical fruit nail sticker in a contrasting color.

**This child-safe polish can be removed with soap, water and a nail brush. Re-apply as needed.**

*Note: The polish may temporarily stain your nails. If this happens, scrub them gently with a little water and baking soda.*

# Tropical Spa

## TAKE A TROPICAL SPA VACATION WITHOUT LEAVING HOME!

Your set includes all the mani-pedi essentials you need, so grab a beach towel and let's get started!

**WARNING** - Your set includes water based nail polish which may stain some surfaces. Be sure to cover your work area with a paper towel and wipe up any spills while the polish is still wet.

**NOTE** - The polish may temporarily stain your nails. If this happens, scrub them gently with a little water and baking soda.

**SENSITIVE SKIN WARNING** - If you experience any redness or skin irritation, discontinue use.

## BEFORE YOU BEGIN

Remove any polish from your nails and if they need trimming, ask an adult for help.

## GATHER YOUR SUPPLIES

- Paper Towels
- Warm Water
- Beach or Bath Towel
- Chair
- Bowl
- Soap
- Brush or Comb
- Bobby Pin
- Toothpick

## FLOWER HAIR TIE

Braid your hair or put it in a ponytail. Use the hair tie to hold it in place. If you have short hair, you can pin it behind your ear.

## WATER BUBBLE SPA MASK

For a cooling spa treatment place your mask in the refrigerator before wearing. For a soothing effect, place your mask in warm water. **For best results, keep the straps dry. Be sure to test the temperature of your mask before wearing!**

## FLAMINGO PEDICURE FUN

Inflate your flamingo foot spa and be sure to close the valve. Place it on your towel. **Fill your flamingo half-way with warm water. Do not overfill!** Add a little soap if you like a sudsy scrub.

## READY TO RELAX?

Position your chair near your pedicure pool. Put on your spa mask, adjusting the strap to fit. Secure the strap higher on your head so it doesn't rub against your ears. Place your feet in the pool and relax. You can listen to music, read a book – or just chill!

When you're finished, rinse and dry your feet. Use the pineapple nail file to gently smooth and shape your toenails.

**Be sure to drain and wash the tub between pedicures.**

## MANICURES

Fill a small bowl with warm soapy water. Soak your fingers until your nails are nice and clean. Rinse and dry them.

Using your pineapple nail file, gently smooth and shape your nails.
