

Dear Valued Partners,

We share the same dedication as you to improving the lives of healthcare workers worldwide. We are happy to share an exciting new Barco catalog for Fall 2022 — a terrific assortment of elevated uniforms that is the result of listening to both our retailers and today's healthcare professionals.

We've been celebrating healthcare workers around the world and revolutionizing medical apparel for 93 years. This fall, you'll see new ways in which we've not only raised the bar, but broken the mold — including our highly-anticipated Barco UNIFY™ collection, coming in August. Barco UNIFY™ is a fresh approach to healthcare apparel with a modern aesthetic and intentional, movement-enhancing features.

Bringing these innovations to the market is a true labor of love. It's driven by our passion for enhancing healthcare professionals' daily lives — those little moments when they feel the comfort and enjoy the styling. Our high-touch process ensures that healthcare professionals get the very best: the best fit, the best fabrics, and the fashion updates that help them feel and look their best.

We look forward to partnering with you to bring these heroes the high-quality, long-lasting styles and customer experience they deserve. Because they are always there for us, 24/7/365, we'll never stop serving them.

With heartfelt gratitude,

Ron Wagenseil
President / Chief Executive Officer

Every **BODY** Matters

HOW TO MEASURE

Take all measurements over undergarments using standard measuring tape held in a relaxed straight line.

Chest: Place measuring tape under the arms to measure the distance around the shoulder blades and the fullest part of the bust/chest. Do not hold the tape too tight.

Waist: Place measuring tape around the natural waistline.

Low Hip: Stand with feet a few inches apart and measure around the fullest part of your hips wearing your undergarments.

Inseam: Measure from the crotch to the desired length of the pant, breaking at the top of the shoe and just above the heel in the back. Appropriate shoes should be worn.

WE'VE GOT YOU COVERED

BARCO_®

Made to Matter

Reduce mold and mildew on fabric

Decrease odors

Keep you fresh for hours

WE'VE GOT YOU COVERED

Barco's revolutionary antimicrobial scrub brands are made from fabric treated with antimicrobial properties that reduce, inhibit and minimize the growth of odor-causing bacteria on intimate contact apparel.

how the technology works

Barco uses a mineral ion based protective finish RUCO®-BAC ZPY*. The mineral ions adhere to textile surfaces and disrupt the growth of odor-causing bacteria on the fabric. When undesirable odor-causing bacteria come into contact with the RUCO®-BAC ZPY* finish, the fabric is protected against odor-causing buildup.

the broad-spectrum antimicrobial

Mineral-based additives are broad-spectrum antimicrobials. This means they are effective in adding another level of antimicrobial defense in the fight against mold and mildew on textiles.

Bio-safe minerals are non-toxic to human cells, but toxic to bacteria. The protective properties found in RUCO®-BAC ZPY* interrupt the bacterial food chain and inhibit the cell division of odor-causing microorganisms on textile surfaces.

benefits

Healthcare professionals are exposed to bacteria on a daily basis. Barco's cutting edge fabric finish* promotes the following:

- Reduction of mold and mildew growth on fabric
- Protection against unpleasant odor build-up
- Freshness for hours

RUCO®-BAC ZPY

*Especially suitable for intimate contact textiles, RUCO®-BAC ZPY is a wash-resistant antimicrobial protective finish for all fiber types.

- Provides fungicidal and bactericidal properties for protective textile finishes
- Interrupts the food chain of microorganisms
- EPA-registration (EPA = Environmental Protection Agency, USA)
- Registered on the Oeko-Tex list
- Bluesign®-approved

In honor of the healthcare professionals who go above and beyond to make a difference in our lives, Barco's Nightingales Foundation provides critical resources to children in need. Since 2020, our Foundation has focused its efforts on Haiti, which has the highest hunger rates in the Western hemisphere. Our two dedicated teams make monthly trips to remote villages near our solar wells, traversing rough terrain to deliver food to 6,000 families in hard-to-reach, underserved areas.

Because of your continued support, we're unwavering in our mission to keep hope alive. Thank you for helping to make a difference
