Daily Sentence Editing

For ALL Interactive Whiteboards

Academically Sound
- Practice skills in grammar, punctuation, and spelling.
- Correlate activities to standards and benchmarks.
- Edit 180 sentences per grade for Grades 1–2.
- Edit 270 sentences per grade for Grades 3–6.

Practical Format
- Glance through the book to see the entire scope of the product.
- Reproduce book pages for homework.
- Use the PC/Mac CD with any brand of interactive whiteboard or computer.

Versatility
- Individuals can do the activities on paper or a computer.
- Small groups can work with an interactive whiteboard or computer.
- Whole classes can work together to review assignments on interactive whiteboards.
- Correct the sentences using three different methods:
  1) Write directly on the interactive whiteboard with a finger or special pen.
  2) Grab editing marks built into the program and drag them over the errors.
  3) Switch to typewriter mode and use the onscreen keyboard or a classroom computer to retype the sentence correctly.

Additional Features
- Make corrections in six different colors.
- Click to see where the errors are—without revealing the corrections.
- Click to see the correct answers.
- Create and save thousands of custom sentences or paragraphs.

Interactive Game Wizard:
Create Your Own Learning Games

Create interactive games that students can play on computers or interactive whiteboards.

Four game templates are provided: matching, sorting, sequencing-circular, and sequencing-linear. Use the games to teach everything from phonics and vocabulary to life cycles and time lines.

To create a game, simply choose the game template, then enter words, pictures, numbers, or symbols. That's it!
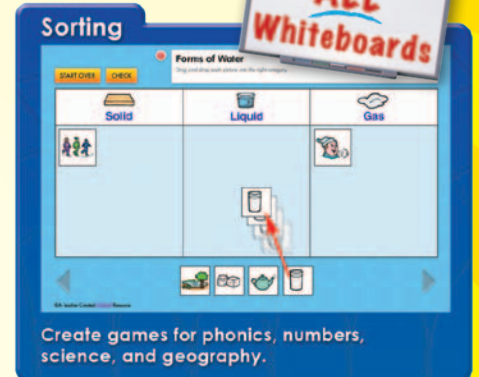

The PC/Mac CD contains a User's Guide, sample games, game templates, and clip art.
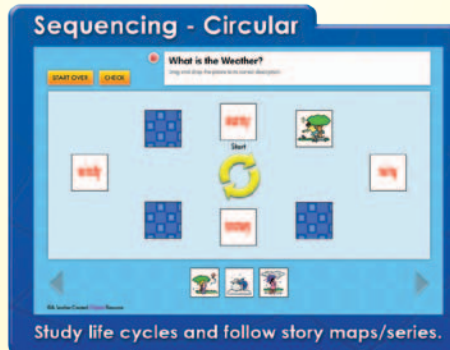

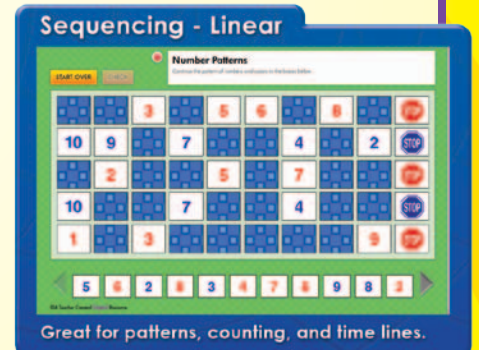

Grades K–5.

TCR2439 $24.99

Ideal for ALL Whiteboards
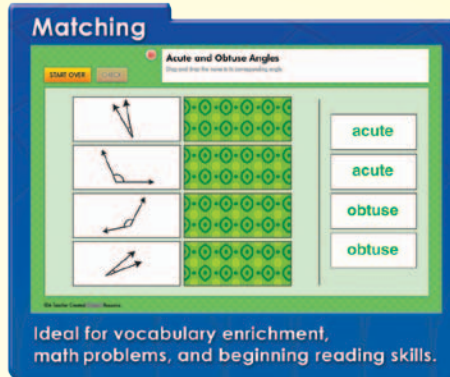

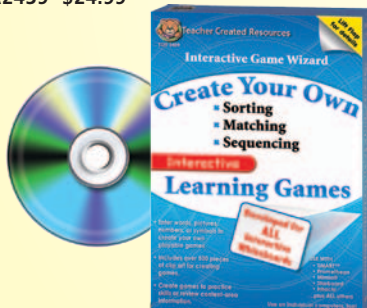

Matching
Ideal for vocabulary enrichment, math problems, and beginning reading skills.

Sorting
Create games for phonics, numbers, science, and geography.

Sequencing - Circular
Study life cycles and follow story maps/series.

Sequencing - Linear
Great for patterns, counting, and time lines.
