5. Now the headphone is connecting with two devices simultaneously.

After-sales and Supports

Warranty Service:

🖥 2 years Quality Warranty   👤 Life time Technical Service Support

According to the relevant laws and regulations of consumer electronic products and the actual situation of the industry, the following after-sales service regulations are formulated to provide consumers with satisfactory after-sales services:

1. Warranty certificate mainly includes: warranty card and sales certificate.

2. After-sales service scope:
   • During the warranty period of the product, the company will be responsible for providing free maintenance for any failure caused by the quality problem of the product itself under normal use without disassembly and repair;
   • For products beyond the warranty period, the warranty certificate shall be issued and the maintenance fee shall be paid. If any spare parts are needed for repair cost for the spare parts would be born by the purchaser; please avoid repair and replace when the product is not tested by Saramonic after-sales department;
   • Once the warranty certificate is altered, the warranty will become invalid immediately;
   • The warranty certificate of the product shall be properly kept by the consumer and shall not be supplemented if lost.

3. Warranty Period:
   • Within two years after purchasing this product, there are quality problems in normal use (non-human damage) without disassembly and repair;
   • Consumers who have quality problems in normal use (non-human damage) within 7 days from the date of purchase, without repair, can enjoy the replacement service; 1-year warranty (including all accessories) from the date of issuing the sales certificate;

4. Regulations on invalidation of the warranty during the warranty period:
4.1 In the following cases, the warranty is invalid, but the maintenance service is provided, the labor fee and parts fee are charged:
   (1) any damage to accessories caused by improper use, maintenance and storage of consumers;
   (2) damage caused by force majeure, such as natural disasters.
4.2 In the following cases, the company will refuse to provide maintenance services or provide charged maintenance services:
   (1) fail to provide holograms on product packaging box;
   (2) the contents of the holograms are altered or illegible;
   (3) It is unable to provide the product warranty card or the content recorded in the warranty card is inconsistent   with the product, or the content is altered or illegible;
   (4) headphones that have been removed by any unauthorized person of Shenzhen Jiayz Photo Industrial., Ltd. (such as changing wires, removing voice coils, etc.);
   (5) there is no sales voucher or the content of the sales voucher is inconsistent with the product.

5. We will not provide warranty service in the following cases after our inquiry: if we find that your repair products are not our products, we will refuse to provide warranty service, or double the maintenance fee. Please attach the warranty certificate when you send the headphones to our company for repair. If you don't have any certificate, our company will handle it as parallel imports.

Safety Instructions

Please read the following precautions carefully before using.

1. Please do not put the headphones close to flammable materials to avoid fire accidents when charging.
2. Please keep the plastic bag away from babies and children to avoid suffocation.
3. Please keep the headphones and all accessories away from children and pets, to avoid swallowing as it may cause asphyxia and other dangers.
4. Please do not use the headphones in situation which need concentration, such as driving, cycling and etc. Please abide by the local laws and regulations for using headphone when driving.
5. Please avoid using indicator light of the device near children or animals eyes.
6. Please do not use the headphones too long at high volume as it may damage your hearing, it is recommended to use an appropriate volume when listening to calls and music.
7. Please do not rinse or immerse the headphones in water to avoid damage.
8. Please do not disassemble the headphones and accessories by yourself to avoid damage and invalidation of the warranty.
9. Please do not subject the headphones to a strong shock or vibration to avoid damage.
10. Please do not use chemical solvents or detergents to clean the headset.
11. If this headset will not be used for a long time, it should be power off after fully charged. Please unplug the charging cable after charging and use the charger provided by the official manufacturer or for charging.

Q: The headphone cannot connect to the device?

A: Please make sure your headphone is in pairing mode. Delete the pairing record on the Bluetooth device and reconnect the headphone.

Q: The headphone cannot be turned on?

A: Please check if the headphone has power.

Q: Can the battery in the headphone be replaced?

A: No. This headphone uses a built-in non-removable lithium polymer battery that cannot be replaced.

Q: Can I use headphone while driving?

A: For your safety, we strongly recommend that do not use the headphone while driving to avoid danger.

Q: Why the headphone is disconnected within 10 meters?

A: As the Bluetooth signal connection may be interfered when it encounters WiFi routers, 4G signals, high-power electrical appliances and other devices etc. You can change the environment or try again.

Q: Why is there no sound on the computer or mobile phone?

A: Please check whether the output channel of the computer supports A2DP. Also check the volume setting on the headphone and computer/phone.

Q: Why can't I control the volume of the tracks playing on my phone?

A: As the headphone may not be fully compatible with some apps, due to the different configurations of various APP.
