

Important Notice to Customers: Privacy Adaptor. Please Read Carefully.

To the Homeowner

Congratulations on purchasing the Gainsborough privacy adaptor, manufactured in Australia from quality, durable materials that will provide many years of trouble free service.

This product is designed to be used in conjunction with the Gainsborough decorative passage sets, to provide locking from inside and emergency release from outside, suitable for bedroom or bathroom door applications.

10 Year Guarantee

Your new Gainsborough privacy adaptor is covered by a full 10 year Guarantee:

- Gainsborough Hardware Industries Ltd guarantees to replace this product if within 10 years from the proven date of purchase, any material or mechanical defects occur.
- Gainsborough privacy adaptors feature a durable, tarnish resistant finish which is covered by a 10 year guarantee against tarnishing under normal use.*

The above guarantee is subject to proper installation, fair wear and tear, and where the product is used in the manner in which it is designed.

Operational Details

Gainsborough privacy adaptors are to be used in conjunction with Gainsborough decorative passage sets to provide internal locking and emergency release for bedroom or bathroom applications.

The privacy adaptor, when engaged, prevents entry from the external side (outside) of the door. All Gainsborough privacy adaptors however include an "Emergency Release Function" to allow entry from the outside in the event that the internal occupant is unable to operate the door.

Important Note:

Please test that this function is operational after the installation:

- Activate the privacy function from the internal side of the door.
- Release the privacy from the external side using the emergency release arm.

If the emergency release function is not operational contact your installer or supplier.

* This guarantee does not extend to labour costs, personal loss, death or injury or economic, consequential or property damage of any kind whatsoever.
