

CRC Industries NZ, Auckland NZ

I. Product Description

CRC Diesel Injector Cleaner is specifically designed to clean injectors in modern diesel engines and keep them clean. It incorporates advanced surface active agents, detergents, moisture dispersants, corrosion inhibitors and cleaning agents providing improved fuel economy and reduced emission output. It controls deposits and clears injector nozzles preventing injector fouling and restoring the essential spray volume necessary for the smooth operation of the engine.

CRC Diesel Injector Cleaner protects fuel pumps and is suitable for all types of diesel motors including high pressure common rail types. It is suitable for both direct and indirect injection systems. Add to fuel when topping up every 5,000km to maximize diesel engine efficiency.

II. Application and Directions

1. Add to fuel when topping up every 5,000km.
2. Pour the complete contents of the bottle into the fuel tank just before filling with fuel (maximum of 70 litres).
3. Do not refill until near empty. For extended injector life, repeat at service intervals.
4. In severe cases, add concentrate cleaner to ¼ tank full. Driving vehicle will clean injectors.
5. Where problems persist, seek mechanical advice.

III. Features & Benefits

- Cleans injectors and keeps them clean
- Restores the essential spray volume necessary for the smooth operation of the engine
- Prevents power loss and injector fouling
- Eliminates excessive smoking
- Approved for all types of diesel motors including high pressure common rail types
- Suitable for both direct and indirect injection systems

IV. Typical Properties and Characteristics

Appearance	Straw coloured liquid
Density @ 25 °C	0.825
Flash Point	> 61 °C

V. Package Description

Part Number Size

5327 350ml Bottle

CRC Industries NZ, Auckland NZ

VI. Special Precautions

General:

Combustible. Keep container tightly closed. Keep container in a well ventilated place. Keep away from food, drink and animal feeding stuffs. Store in cool dry protected area. Keep away from sources of ignition. No smoking. Store in cool, dry, protected area. Dispose of empty containers safely. All unused product should be disposed of in conformance with local and HSNO regulations, do not contaminate water supply.

First Aid:

Swallowed – Give water (if conscious). Seek medical advice. Do NOT give milk or oil. Do NOT give alcohol.

Skin – Remove contaminated clothing, including footwear. Wash with water and soap.

Eyes – Wash with running water.

Inhalation – Fresh air. Rest, keep warm. If breathing shallow, give oxygen. Medical attention.

Refer to Material Safety Data Sheet for more details.
