

Pearson Homeschool Modern Curriculum Press Spelling Workout

Grades: 1–8

Homeschool Bundle includes:

- Student Workbook
- Teacher Edition

Key Selling Points/Program Differentiators

- A step-by-step approach to spelling success
- Teacher's Edition provides detailed lesson plans for either a 3-day or 5-day week
- Integrates reading comprehension and critical thinking
- Offers flexible choices along with comprehensive coverage to supplement any reading program
- Builds in assessment tools to guide effective, efficient instruction

Program Overview

A fun approach to spelling mastery!

With *MCP Spelling Workout*, every child can become a successful speller in no time. This high-interest program offers an easy-to-implement, step-by-step approach to spelling success—one that links spelling and phonics to lead children from simple sound-letter relationships to more complex spelling patterns.

Program Overview (continued)

MCP Spelling Workout treats spelling as a developmental process. Children progress in stages, much as they learn to speak and read. Children move gradually from simple sound/letter relationships to strategies involving more complex word-structure patterns. Books A through G in the Spelling Workout series target grades 1 through 8 respectively. Primary levels have a strong phonics base, while upper grades shift toward study of word origins and vocabulary. Guided instruction is key in the early levels while upper levels of the program lead into more self-guide, independent study. The words used in *MCP Spelling Workout* have been chosen for their frequency in children's written and oral vocabularies, their relationships to subject areas, and for structural as well as phonetic generalizations.

MCP Spelling Workout engages children in cross-curricular reading passages and high-interest writing activities. Spelling is reinforced during the week with riddles, puzzles, and engaging activities. It's a traditional program with an introduction to a concept, a pretest, followed by activities and puzzles to reinforce concepts and ends the week with a review test.

The Student Workbook uses a consistent 4-page lesson structure with each lesson beginning with a themed writing passage to capture children's attention. The lesson's spelling words are then presented in the List Words section along with a related spelling tip. After reading the introduction, your child will work on the Spelling Practice exercise. Additional activities follow where your child will complete exercises, riddles, and puzzles. The lesson ends with a wrap-up and some review exercises to assess your child's comprehension on the material covered. Every few lessons your child is also presented with a cumulative review.

The Teacher's Edition provides everything you need to deliver complete instruction to your child. The Teacher's Edition provides flexible, detailed lesson plans for either a 3-day or 5-day plan. It also offers activities for reinforcing and analyzing spelling patterns and ideas for personalizing the instruction for your child. The easy-to-use, 2-page lesson plan is presented in the margins around a reduced version of the student book, annotated with the exercise answers. Finally, the back of your Teacher's Edition includes a dictionary, similar to that in the student book for your reference.
