

Purchase Date: ___/___/___ Order/Customer Reference Number: _____

Thank you for choosing Sunnydaze Decor. We stand behind our brand and the quality of the items we sell. Replacement parts or products can be requested within the 1-year warranty period. Proof of purchase must be provided. This includes the date of the purchase as well as photos of the product defect. Photos are used to determine the cause of the defect and to provide future quality control. The request will be reviewed, and replacement pieces will be sent at our discretion. For warranty information, visit <https://tiny.cc/SunnydazeWarranty>

If you have any questions, comments or concerns, feel free to contact us by phone at 833-982-1977, by email: customerservice@sunnydazedecor.com, or via our contact us page at <https://tiny.cc/SunnydazeContact>

MOSAIC GLASS BIRD FEEDER

Review all information before using this product. Save this manual for future reference.

Save the packing slip for warranty purposes.

CHOOSING A LOCATION

A shaded location is recommended for this mosaic glass bird feeder. Mosaic glass has a mirror-like, reflective effect when placed in full sunlight, which can cast strong light reflections. Strong reflections of light may frighten birds, which makes selecting a location with limited sun exposure ideal.

IMPORTANT: The feeder is equipped with a drainage hole to prevent moisture and precipitation buildup that can cause seed to rot. If using smaller seed, we recommend placing a small stone over the drainage hole to prevent seed from spilling out but still allow water to drain.

CLEANING

1. Clean the feeder with mild detergent, warm water, and a soft cloth.
2. Rinse thoroughly, ensuring all soap residue has been removed.
3. Allow the feeder to dry completely before adding seed.

SAFETY STATEMENTS & WARNINGS

- Do not use harsh chemicals or abrasive materials to clean the unit as they may damage the product and void the product warranty.
- Do not hang the feeder too close to buildings or objects that may break the feeder during windy conditions. Storing the feeder indoors during high-wind conditions is recommended.
- Store indoors during freezing temperatures as exposure to freezing weather may cause the feeder to crack or break.

Any modification to the product or failure to follow recommended care will void the product warranty.

If the product was damaged during transit, please contact our customer service team through one of the methods mentioned at the top of page 1. Please have the item number and order information ready to expedite response time.
