

This is a diagram illustrating a fracture of the vertebral body. The fracture is shown as a large, comminuted break in the anterior portion of the vertebral body. The fracture fragments are displaced, and the integrity of the vertebral body is compromised. The diagram also shows the surrounding structures, including the vertebral arch, the intervertebral disc, and the spinal cord.

FACETJUMP

This is a diagram illustrating a fracture of the facet joint. The fracture is shown as a break in the articular surface of the facet joint. The fracture fragments are displaced, and the integrity of the facet joint is compromised. The diagram also shows the surrounding structures, including the vertebral body, the vertebral arch, and the intervertebral disc.
