

Novus Proven Applications: Office Spaces

Challenge - Today's office spaces are as diverse as the people they serve. Home offices, cubicles, private offices, and co-working spaces need to be flexible to accommodate the technology and work styles that keep us productive.

Solution - Novus monitor arms and accessories enhance comfort, are easy to position, and include options for both commercial and home office workspaces. They are German engineered for durability and feature modern styling to complement any space.

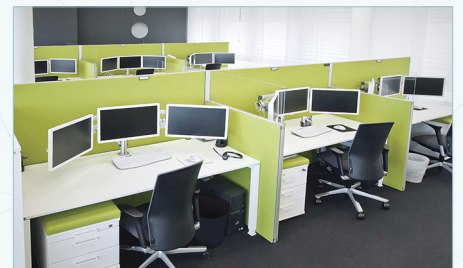

WE RECOMMEND

CLU Monitor Arms are easy to install, space-conscious, and fully adjustable for the perfect ergonomic fit.

Contact us for information on custom options.

Real-World Applications

Any space will benefit from Novus monitor arms. Novus offers a variety of options for creating a comfortable, productive workspace for home offices, commercial offices, bench systems, cubicles, and more.
