

ProSpeed™/MC

Floor Finish Applicator System

An integrated system that delivers a more consistent appearance, improved productivity and virtually eliminates product waste.

Features & Benefits

- Ergonomic design
- Everything that touches the finish is disposable
- Turns floor finish from an art to a science
- Easy to learn to use
- Light and portable
- Delivers a consistent appearance, improves productivity and virtually eliminates waste

Applications

- Use for applying floor finish
- Delivers best value when used for applying finish in areas less than 2,000 square feet (186 square meters) per job

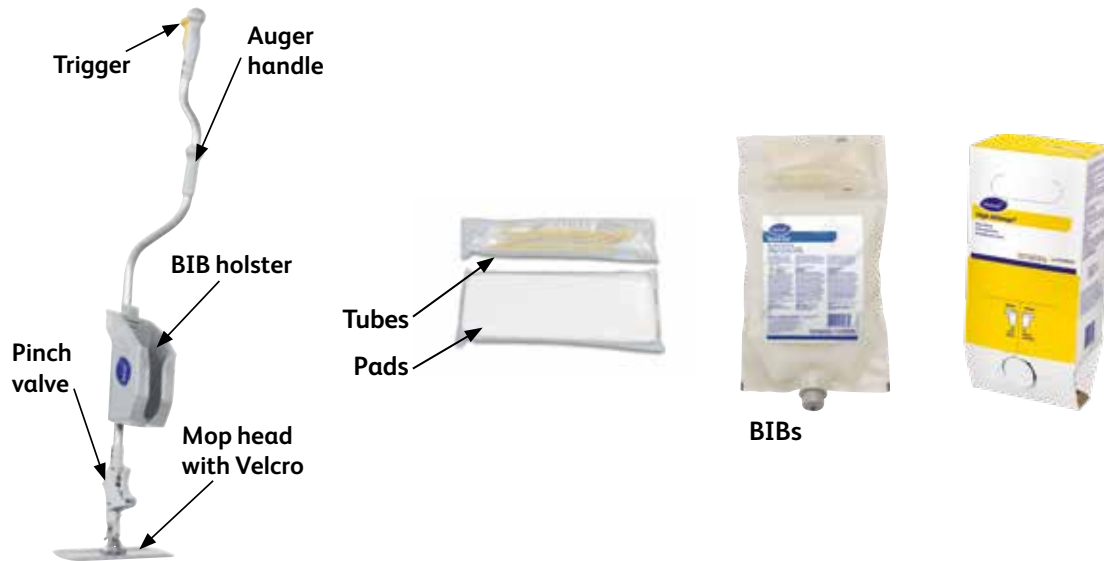

ProSpeed™/MC

Floor Finish Applicator System

Use Overview

ProSpeed™/MC Floor Finish Applicator System simplifies the process of applying floor finish with an ergonomic application tool, a simple delivery system for the finish, a 2.5 liter BIB (Bag-in-Box) of finish and an applicator pad.

Diversey offers a comprehensive line of products for the ProSpeed™/MC system. Please see product list below. Each case of floor finish comes with six BIBs, three pads and three connector tubes.
