

CRC Industries NZ, Auckland NZ

I. Product Description

CRC Nu-Vu's unique formula removes insects, road film, dirt & grime from windscreens, reduces headlight glare and prevents webbing and fogging. *CRC Nu-Vu* gives an unrestricted road vision both inside and outside the vehicle - It cleans and demists windscreens and windows.

CRC Nu-Vu can be used in your windscreen washer for a streak-free, crystal clear windscreen or applied directly onto the windscreen using the *CRC Nu-Vu* Demisting Cloth. Using *CRC Nu-Vu* on the inside of windscreens prevents the glass from fogging.

CRC Nu-Vu is available in two consumer pack sizes, in a Demisting Cloth form, as well as a 5 litre trade pack.

Pack Options:

NV 1 - One Shot Concentrated (60ml) - A single application designed and packaged to treat a full washer bottle.

NV 3 - 4:1 mix (500ml) - A traditionally packed product for 1 part to 4 addition to the washer water.

NV 5 - De Mist Cloth - A unique cloth impregnated with *CRC Nu-Vu* for removing and preventing mist build up on the inside of windscreens and windows. Great on mirrors, glasses and goggles too.

NV 6 - 4:1 5 Litre Trade Pack.

II. Features & Benefits

- Removes insects, road film, dirt & grime.
- Reduces headlight glare, prevents webbing and fogging
- Gives unrestricted road vision both inside and outside the vehicle
- Cleans and demists windscreens, windows and mirrors
- Crystal clear windscreens - Improved visibility due to smear and streak-free formula
- Helps smooth the wiper blade action
- Ideal for use all year round

III. Application and Directions

Windscreen Washer:

NV1

- Pour complete contents into windscreen washer bottle and fill with water.

NV3 & NV6:

- Add one part *CRC Nu-Vu* to 4 parts water into your windscreen washer container.
- For heavy build up apply direct to your windscreen with a clean polishing cloth

Demisting:

- Apply *CRC Nu-Vu* direct to the inside of your windscreen with a *CRC Nu-Vu Demist Cloth*.

NV5 Demist Cloth:

- To activate the cloth, simply use on moist glass.
- Breathing on dry glass is usually enough to produce moisture to activate cloth.
- Over time the cloths performance may diminish. Simply soak the cloth in *CRC Nu-Vu* Windscreen Cleaner for 5 minutes to revive.
- Keep the cloth in its bag to prolong its life.
