

Sparkle

SAND ART

Unicorn

Let's Get Started!

Your Sand Art set includes a unicorn bottle, colorful sand, sparkle sand, fun foil accents, stickers and a magical wishing star.

SAVE THE BOX!

This will be used for your less-mess, more fun crafting station.

IMPORTANT

- Keep sand away from your eyes, nose and mouth. If contact occurs, rinse with water.
- Cover your workspace with newspaper or a towel.
- When creating your Sand Art, the bottles must be filled to the top. Over time the sand will settle. Add more sand as needed.
- Hold the funnel with one hand while pouring with the other. To get even layers, tilt the funnel slightly to the sides.
- Use the sparkle sand to create a thin accent layer between colors.
- Seal the bags between layers to keep the sand from spilling.

Adding The Sand

Young children may need help with this step.

- Place the unicorn bottle inside the box. Set the cap aside.
- Place the funnel inside the bottle.
- Decide on a color pattern for your Sand Art. Open the bag of sand and begin filling the unicorn, alternating colors and sparkle sand as you go. Stop when the unicorn is completely full.
- Add the cap and set it aside.

Important – Use a damp cloth to clean sand from the outside of your bottle. Make sure the bottle is completely dry before adding stickers and accessories.

2

Decorate The Unicorn

- Carefully add the foil accents and stickers, as shown.
- Next, make a wish on the star and set it on the foil cloud.
- Now watch your unicorn bottle sparkle in the light!

Attach the foil wings and horn with adhesive dots as shown. If you would like, you can also attach the star onto the foil cloud.

Creative Playtime

- You can take out the star whenever you like to make more magical wishes!
- Use your star and unicorn as props for creative play. Let your imagination take you on new adventures!
