# CONFETTI

## HEADBANDS

You will need the filling tool, confetti, funnel and plastic headband sleeve. Younger children may need help with this step.

1. Locate the opening on the headband sleeve.
2. Insert the funnel. Slowly pour the confetti through the long end of the plastic sleeve. Push the sides of the plastic sleeve to enlarge the opening as you fill. **NOTE:** Use the filling tool to help move the confetti down.

**\*Do not place the headband inside the confetti filled pocket.\***

3. Place a clear sticker over the opening to keep the confetti inside. Slightly bend the sleeve in half to spread confetti evenly.
4. Place one end of headband into the sleeve pocket. Then repeat other.
5. Slide the filled confetti sleeve over the headband. The snug fit of the sleeve will hold it in place.
6. Repeat with the second headband.
