Young Artist Pocket Size Pictures

This kit includes everything you need to create 30 pocket sized pictures. Decorate and design with stamps, crayons and a drawing marker. Carry your cards with you in the pocket sized album. Give them as greetings, trade with your friends or keep them to decorate your space.

 **WARNING:** CHOKING HAZARD
Small parts. Not for Children under 3 years.

Important information about the included art materials!

Although the art materials will wash off of skin, wear a smock and protect your work area. The art materials may stain fabric or other surfaces.

Using your ink pad

Use the stamps and ink pad to add color to your cards. You can even use your fingers!

Wipe your finger with a damp paper towel before switching colors, or use a different finger. Be sure to wash your hands when finished.

Clean your stamps between colors by dotting them on a scrap piece of paper until no color comes off.

After stamping or using ink on your cards, allow them to dry before adding them to your album.

Coloring your cards

Use the marker and crayons to add your own creative twist to the 20 starter cards or start from scratch with the 10 blank cards. You can even create on both sides. If the tip of your crayon gets too low, just hold the barrel and twist the bottom so more crayon is revealed.

When you're ready to move on to another card, start from the top edge of the stack and gently pull the card off.

Helpful tip: Use the ink to decorate first, then add crayon. Sometimes crayon will resist ink and marker.

Here are some ideas to help you start creating:

- My pet dinosaur
- Greetings from Saturn
- That cloud looks like a....
- The world's largest sandwich
- Animals in my backyard
