Remove with	Toluene or spraying thinners

IV. Application and Directions

TOUCH DRY: 15 minutes

RECOAT: Within 30 minutes

CLEAN-UP: General All Purpose Thinners

DIRECTIONS:

1. Ensure surface is clean, dry and free from rust & dirt.
2. Previously painted surfaces must be sanded smooth.
3. Mask surrounding area with newspaper or similar material to avoid overspray.
4. Shake can until agitator ball is moving freely. Shake for an additional minute to ensure contents are thoroughly mixed.
5. Holding the can approximately 25cm from the surface, spray with a uniform motion. Do not apply too heavy an application in one coat.
6. Build the film up with a series of light coats, then allow to dry for 10 minutes before applying the final coat.
