

Speedtrack®

Clean & Burnish Maintainer

Speedtrack® Clean & Burnish Maintainer is a unique formula that cleans and restores gloss to your floors.

Features & Benefits

- Unique “liquid thermoplastic polymer” reduces powdering, improves traction and extends recoat cycle
- Cleans and restores gloss to the floor without the need to refinish, saving time and labor by extending recoat and stripping cycles
- One-step cleaner and burnish restorer
- Excellent for removing marks and scuffs from the floor finish
- Burnishes to a high shine
- Works with any UHS Finish
- Fragrance free and fast drying

Applications

- For use as a hard surface maintainer
- Formulated for use through an autoscrubber or mop bucket
- Formula can be applied and ready to return the floor to service within minutes

Use instructions

For cleaning and restoring gloss. Use with auto scrubber or damp mop application. Cleans and restores gloss in two steps.

Autoscrubber Application

1. Dust mop to remove loose soil.
2. Position wet-floor signs around area to be cleaned.
3. Mix 1:14 (9 oz. per gallon/267 ml per 3.78L).
4. With a TASKI Intellipad™ or equivalent pad under the auto scrubber, scrub and pick up in a single pass.
5. When dry to the touch (5-10 minutes), burnish with TASKI Intellipad™ or UHS pad matched to your finish.

Mop Application

1. Dust mop to remove loose soil.
2. Position wet-floor signs around area to be cleaned.
3. Mix 1:20 (6 oz. per gallon/177 ml per 3.78L).
4. Damp mop with solution onto floors.
5. When dry to the touch (5-10 minutes), burnish with TASKI Intellipad™ or UHS pad matched to your finish.

Note: Floors will be slippery when wet or contaminated with foreign materials. Promptly clean up spills and foreign materials. Not intended for use in outdoor areas.

Professional Tip: Remove product before applying new floor finish. Deep scrub floor with appropriate cleaner and pad. Pick up solution using a wet vac and then rinse with clean water.
