

Two Plus Two Equals

Background:
 The child is a 4-year-old girl who has just started school. She is very shy and does not talk much. She is very interested in numbers and counting.

Mathematics Learning Support Unit:
 The child is currently working on the 'Two Plus Two Equals' unit. She has been learning to count and to add simple numbers. She is very good at counting and has learned to add one and one to get two.

Learning Objectives:
 The child is expected to be able to count to ten and to add simple numbers. She is also expected to be able to identify and name numbers and to understand the concept of addition.

Assessment:
 The child's progress is assessed through observation and through simple tests. She is given a worksheet with numbers and simple addition problems to solve.

Support:
 The child is given extra support and encouragement. She is praised for her efforts and given extra practice when she is struggling.

Number	Count	Add
1	1	1
2	2	2
3	3	3
4	4	4
5	5	5
6	6	6
7	7	7
8	8	8
9	9	9
10	10	10

Number	Count	Add
1	1	1
2	2	2
3	3	3
4	4	4
5	5	5
6	6	6
7	7	7
8	8	8
9	9	9
10	10	10
