Anti-Pollution (Screen)

The Anti-Pollution Screen Tarp is designed for the containment only, of things such as: sand, gravel, rock, and coal. The tarp itself will not extend over the top rail.

Anti-Pollution (Vinyl)

The Anti-Pollution Vinyl Tarp is designed for the containment only, of things such as; sand, gravel, rock, and coal. In some states this tarp may also be used to cover asphalt. The tarp itself will not extend over the top rail.

Semi-Waterproof (Vinyl)

The Semi-Waterproof Tarp is designed for asphalt application. Although this tarp is not 100% waterproof, it will keep water off the load. The tarp itself extends to the end of the bows which is one inch outside the top rail.

Side-Drop

The Side-drop Tarp is not waterproof. The tarp itself hangs 6" below the top rail. MOUNTAIN TARP only recommends this tarp for bodies or trailers up to 38' in length.

*For old style bow end Tarp-N-Go kits, remove "NB" from the part number when placing an order. Pricing will remain the same.
