Save this guide for future reference.

USE & CARE

- **SAFE USE:** Take your time getting in and out of the hammock. Any hammock may tip if your weight is not centered.
- **SUN EXPOSURE:** All fabrics will eventually fade and degrade from sun exposure. The less direct sunlight the hammock is exposed to, the longer the life of fabric and ropes will be.
- **CHILDREN:** Supervise children at all times while using this product. Do not allow children or pets to play in the hammock. Excessive swinging or rough play will damage the hammock and may cause injury.
- **INSPECT:** Before each use, inspect the ropes, fabric and spreader bar for wear or weakness.
- **CLEANING:** Clean when soiling or staining is present, and before storage.
- **STORAGE:** Store indoors, in a dry location during inclement weather, winter, and when it will not be used for an extended time. Ensure it is completely dry before storing to prevent mold and mildew growth.

CLEANING

HAND-WASH ONLY

DO NOT USE BLEACH OR FABRIC SOFTENERS

LAY FLAT TO DRY

DO NOT IRON

Spot clean with a damp cloth.

For more stubborn stains, hand-wash in a bathtub or kiddie pool using mild soap and a soft-bristled scrub brush. Soaking may be required for heavily soiled fabric, pillow or ropes. Keep the wooden spreader bars, galvanized O-rings and chains out of the water as much as possible.

Thoroughly rinse all soap residue. Air-dry on a flat surface to prevent the ropes from stretching. The ropes may shrink slightly while drying, but will stretch back out with use.
