

# R2 Plus Hygienic Hard Surface Cleaner

R2 Plus Hygienic Hard Surface Cleaner cleans, disinfects and deodorizes surfaces in one step. Part of the globally available Diversey RoomCare™/MC system for guest room maintenance including chemicals, tools and methods.

## Features & Benefits

- No rinsing required for non-food contact surfaces
- Non-abrasive
- Light and fresh fragrance
- Formulated for the cleaning of hard, water-resistant surfaces
- Kills HIV-1, Staphylococcus aureus, Salmonella enterica, E. coli, MRSA, VRE and other microorganisms
- Deodorizes as it disinfects leaving surfaces thoroughly clean

## Applications

- For daily use on nonporous inanimate environmental surfaces such as floors, walls, glazed porcelain, glazed ceramic tile, plastic surfaces, shower stalls, bathtubs and cabinets
- Apply by mop and bucket, trigger sprayer or sponge
- Color coded to be used with J-Fill® dilution system to prevent application mistakes

**KEEP OUT OF REACH OF CHILDREN  
DANGER**

**FIRST AID**  
If on the inside container or label with you when calling a poison control center or doctor, or going to a hospital.  
If in eyes: Hold eye open and flush slowly and gently with water for 15-20 minutes. Remove contact lenses if present, after the first 5 minutes, then continue flushing eye. Call a poison control center or doctor for treatment advice.  
If on skin or clothing: Take off contaminated clothing. Show skin immediately with plenty of water for at least 15 minutes. Remove contaminated or stained clothing and footwear.  
If inhaled: Move person to fresh air. If person is not breathing, call 911 or an ambulance. Then proceed to artificial respiration, preferably by mouth-to-mouth, if possible. Call a poison control center.  
If swallowed: Call a poison control center or doctor immediately for treatment advice. Show person to a doctor if severe. If person is vomiting, do not induce vomiting unless told to do so by a poison control center or doctor. Do not get anything by mouth for an unconscious person.  
You may contact 1-800-424-9293 for the emergency number in your area.  
**NOTE TO PHYSICIANS:** Irritable. Increased damage may contribute to the use of gastric lavage.

See also product label for additional precautionary statements.

# R2 Plus Hygienic Hard Surface Cleaner

## Use instructions

### For General Use

- To avoid food contamination after cleaning, sanitize and rinse all food contact surfaces with potable water before reuse.
- For use on hard, nonporous inanimate environmental surfaces such as floors, walls, glazed porcelain, glazed ceramic tile, plastic surfaces, shower stalls, bathtubs and cabinets.
- Apply solution with a mop, color-coded microfiber cloth or hand-pump trigger sprayer so as to wet all surfaces thoroughly.
- Allow to remain wet for 10 minutes then remove excess liquid.
- For heavily soiled areas, a pre-cleaning step is required.
- Diluted product in a sealed container, such as a spray bottle, can be used and stored for up to 1 month. If the product becomes visibly diluted or contaminated, prepare a fresh solution.

### For J-Fill® Use

- Insert cartridge into dispenser (see J-Fill® dispenser instructions for proper cartridge placement). The system will automatically dispense at the required dilution. Fill small bottle or bucket to apply solution directly onto surfaces to be cleaned, scrubbing with a soft brush, pad or cloth. Do not allow solution to dry. Rinsing is not required for non food contact surfaces. NOTE: Some commercial cleaners are unsuitable for use on some surfaces. Test in an inconspicuous area prior to use.

## Safe handling

Please make sure your employees read and understand the product label and Safety Data Sheet before using this product. The label contains directions for use; and both the label and SDS contain hazard warnings, precautionary statements and first aid procedures. SDS are available online at [www.diversey.com](http://www.diversey.com) or by calling 888.352.2249. Improper use or dilution may result in damage to surfaces and may result in health and physical hazards that match those of the concentrate.
