

CLAX[®] Mild Forte

33B2

Detergent - without bleach

Clax[®] Mild Forte is a low temp laundry detergent without bleach, formulated for commercial laundry applications. It can be used alone for most soil applications.

Features & Benefits

- Excellent performance at low wash temperatures on a wide range of stains and types of soil
- Very effective on proteinaceous soil (e.g. blood and food stains)
- Prevents greying of linen
- Non-phosphated

Applications

- Suitable for washing delicate and colors
- Can be used in all commercial washing machines
- Designed for industrial and institutional classifications

Clax[®] Mild Forte

Detergent - without bleach

Use instructions

- Use Clax[®] Mild Forte laundry detergent as directed by your Diversey representative.
- This product can be used in all commercial washing machines.
- Do not use in homestyle machines.
- This product is designed to be dispensed directly to the laundry machine by a Diversey dispenser and should not be diluted manually.
- Clax[®] Mild Forte laundry detergent is dispensed at various rates depending on soil load, fabric, water conditions and equipment.

Safe handling

Please make sure your employees read and understand the product label and Safety Data Sheet before using this product. The label contains directions for use; and both the label and SDS contain hazard warnings, precautionary statements and first aid procedures. SDS are available online at www.diversey.com or by calling 888.352.2249. Improper use or dilution may result in damage to surfaces and may result in health and physical hazards that match those of the concentrate.
