

THE BATTERY

1. The battery is the power source for the vehicle.

2. It provides the electrical energy to start the engine.

3. It provides the electrical energy to power the lights and other accessories.

4. It provides the electrical energy to power the radio and other accessories.

5. It provides the electrical energy to power the horn and other accessories.

6. It provides the electrical energy to power the wipers and other accessories.

7. It provides the electrical energy to power the windows and other accessories.

8. It provides the electrical energy to power the door locks and other accessories.

9. It provides the electrical energy to power the power windows and other accessories.

10. It provides the electrical energy to power the power door locks and other accessories.

11. It provides the electrical energy to power the power windows and other accessories.

12. It provides the electrical energy to power the power door locks and other accessories.

13. It provides the electrical energy to power the power windows and other accessories.

14. It provides the electrical energy to power the power door locks and other accessories.

15. It provides the electrical energy to power the power windows and other accessories.

16. It provides the electrical energy to power the power door locks and other accessories.

17. It provides the electrical energy to power the power windows and other accessories.

18. It provides the electrical energy to power the power door locks and other accessories.

19. It provides the electrical energy to power the power windows and other accessories.

20. It provides the electrical energy to power the power door locks and other accessories.

21. It provides the electrical energy to power the power windows and other accessories.

22. It provides the electrical energy to power the power door locks and other accessories.

23. It provides the electrical energy to power the power windows and other accessories.

24. It provides the electrical energy to power the power door locks and other accessories.

25. It provides the electrical energy to power the power windows and other accessories.

26. It provides the electrical energy to power the power door locks and other accessories.

27. It provides the electrical energy to power the power windows and other accessories.

28. It provides the electrical energy to power the power door locks and other accessories.

29. It provides the electrical energy to power the power windows and other accessories.

30. It provides the electrical energy to power the power door locks and other accessories.

DISASSEMBLY

Part No.	Description	QTY
1	BATTERY	1
2	TERMINAL POST	2
3	MOUNTING BRACKET	2

1. Disconnect the battery from the vehicle.

2. Remove the battery from the vehicle.

3. Disconnect the battery from the vehicle.

4. Remove the battery from the vehicle.

5. Disconnect the battery from the vehicle.

6. Remove the battery from the vehicle.
