## Safety Information

### SAVE THESE INSTRUCTIONS

Read and understand all Safety and Operating instructions in this manual before using this product.

Follow all safe guards stated in the manual, in addition to normal safety precautions in working with electrical devices. Always follow basic safety precautions to reduce the risk of fire, electric shock and personal injury.

- Do not use with an extension cord near water or in areas where water may accumulate. Keep the balloon light at least 16ft. from pools or spas. Keep plugs dry. Only use this balloon light with GFCI-protected outlets.
- To disconnect, turn off the switch, then remove the plug from the outlet. Do not turn off by pulling on the cord.
- Do not insert foreign objects into this product.
- To reduce the risk of fire, keep away from combustible materials while in operation.
- To reduce the risk of injury, close supervision is necessary when this product is used near children.

**WARNING: RISK OF SHOCK.** House electric current can cause painful shock or serious injury unless handled properly.

### IMPORTANT SAFETY INSTRUCTIONS:

This portable light-emitting diode (LED) luminaire has a polarized plug (one blade is wider than the other) as a feature to reduce the risk of electric shock. This plug will fit in a polarized outlet only one way. If the plug does not fully fit in the outlet, reverse the plug. If it still does not fit, contact a qualified electrician. Do not alter the plug.

**CAUTION: SUITABLE FOR DRY LOCATIONS USE. NOT FOR USE WHERE DIRECTLY EXPOSED TO WEATHER.** Risk of fire. Use on 100-240 volt 60Hz circuits. Before installing your lighting fixture, thoroughly review enclosed installation manual. Do not use with dimmers. If you do not have sufficient electrical wiring experience, please refer to a do-it-yourself wiring handbook or have your fixture installed by a qualified licensed electrician. All electrical connections must be in accordance with Local and National Electrical Code (NEC) Standards. Do not look directly into the light.

**Supplier's Declaration of Conformity:** 47 CFR § 2.1077 Compliance Information

**Responsible Party:** Feit Electric Company, 4901 Gregg Road, Pico Rivera, CA 90660, USA, 562-463-2852

**Unique Identifier:** BALL-1/LED

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:

(1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation. Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures: Reorient or relocate the receiving antenna. Increase the separation between the equipment and receiver. Connect the equipment into an outlet on a circuit different from that to which the receiver is connected. Consult the dealer or an experienced radio/TV technician for help. Any changes or modifications not expressly approved by the manufacturer could void the user's authority to operate the equipment.

## Limited Warranty

This product is warrantied to be free from defects in workmanship and materials for up to 1 year from date of purchase. If the product fails within the warranty period, please contact Feit Electric at [info@feit.com](mailto:info@feit.com), visit [feit.com/contact-us](http://feit.com/contact-us) or call 1-866-326-BULB (2852) for instructions on replacement or refund. REPLACEMENT OR REFUND IS YOUR SOLE REMEDY. EXCEPT TO THE EXTENT PROHIBITED BY APPLICABLE LAW, ANY IMPLIED WARRANTIES ARE LIMITED IN DURATION TO THE DURATION OF THIS WARRANTY. LIABILITY FOR INCIDENTAL OR CONSEQUENTIAL DAMAGES IS HEREBY EXPRESSLY EXCLUDED. Some states and provinces do not allow the exclusion of incidental or consequential damages, so the above limitation or exclusion may not apply to you. This warranty gives you specific legal rights, and you may also have other rights which vary from state to state or province to province.

HARDWARE INCLUDED

NOTE: Hardware not shown to actual size.

Part	Description	Quantity
AA	Balloon Light	1
BB	Support Rod / Bracket	1

PARTS OF THE BALLOON LIGHT

# Installation

- 1** Take out the support rod (BB) from the bag.

- 2** Loosen Hand Screw 1, then partially pull out the legs of the tripod (see Fig. 1). Pull up to adjust the width of the legs of the tripod (see Fig. 2).

**Fig. 1**

**Fig. 2**

- 3** Once the tripod legs have been adjusted to the desired position, tighten Hand Screw 1 to set into place. Loosen Hand Screw 2 and pull up the support rod to adjust the height of the fixture. Tighten Hand Screw 2 to set into place.

- 4** Take out the balloon from the bag.

- 5**
- Loosen the center column lock on the Support Rod (BB) by turning it in a counter-clockwise direction.
  - Insert the Balloon (AA) onto the tripod and plug the toggle switch of the Balloon (AA) to the Support Rod (BB).
  - Once the Balloon (AA) is secured to the Support Rod (BB), tighten the center column lock by turning it in a clockwise direction.

- 6** Plug power cord into an AC outlet and turn on with the toggle switch.

# How to Select a Light Color

## Adjust your light color anytime by toggling through the switch

To change the color, toggle your light switch OFF and ON within 2 seconds to cycle through the six colors (White, Red, Green, Blue, Yellow, Orange). Stop once the desired color is selected.

**NOTICE:** The toggle switch is attached to the balloon.

**NOTE:** If the fixture is left OFF for more than 5 seconds, it will remember the last color selected and will display that color when turned on again.
