DLR4

4" Recessed LED Downlight

Product Description

The DLR4 from NICOR is a 4" recessed LED downlight that is ideal for both retrofit and new construction alike. Redesigned to boost energy efficiency, the LED light engine draws only 10 watts while improving light output to over 600 lumens. The enriched 90+ CRI provides superior color quality, along with an R9 greater than 60. Not only is the light quality better, but this design improvement meets new industry standards like Title 24.

Construction

- · Spun aluminum trim routes heat away from electrical components
- Low profile, integrated driver, allows for use in shallow housings

Optical System

• Polystyrene diffuser and reflector cone create a uniform light distribution that reduces glare without sacrificing lumen output

Electrical

- $\bullet \ Utilizes \ high \ performing \ LEDs \ with \ greater \ than \ 90 \ CRI \ and \ R9 \ greater \ than \ 60 \ \textit{(not available on 5000K)}$
- Dimmable to 5% with most standard triac dimmers
- Operating temperature rating of 0°F to 120°F (-18°C to 49°C)
- Input voltage of 120V
- Lifetime rated for greater than 53,000 hours
- LM-79, LM-80 testing performed in accordance with IESNA standards
- Meets FCC Part 15, Subpart B, Class B standards for conducted and radiated emissions.

Finish

• Exterior white powder coat finish, with interior high reflective finish

Installation

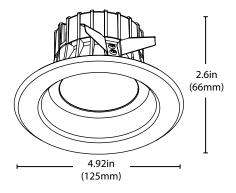

- Compatible with most 4" recessed housings
- Quick and easy installation with a screw-in Edison base (GU24 socket string available) and friction clip system

· 5-year limited system warranty standard
