

See safety datasheet (if applicable) and product label for safety information, handling and proper use.

Directions for Use

Dispense OE Detergent 61 directly from its shipping container using an automatic liquid dispensing system. The authorized representative servicing your facility will establish a program suitable for your individual requirements. General usage of OE Detergent 61 is 1.5 oz. - 3 oz. per 50# machine. Phosphorous Content: 0.8% by weight

OE Detergent 61 is designed to remove odors and tough stains from all fabrics. It contains anti-redeposition agents and improves results by sequestering minerals. OE Detergent 61 is designed for use in all water and soil conditions. Flexible enough to be used on its own in homestyle or larger On-Premise Laundry Machines.
