

SOF SPLASH SUIT - 2 PIECE (MJ1200XX - TOP / MP1200XX - BIB PANTS)

The Berry Compliant SOF 2-Piece Splash Suit top and bib pants are made from GORETEX BD450 waterproof and breathable lightweight fabrics, ideal for users who need splash and rain protection for SOF and SOF-like small boat operations. Born out of features taken from our Sentinel Series Maritime Assault Suit System & EDP Ocean Racing Collection Mustang Survival designed the Splash Suit as an ensemble with specific feedback from Naval Special Warfare SWCC and select US Federal tactical units. Using Military GoreTex BD450 and 330D abrasion fabric it provides a solution that is lighter and more comfortable to wear in a broader range of environments than comparable products while not sacrificing durability.
